ARRÊTÉS EN CONSEIL

C.P. 2095

HÔTEL DU GOUVERNEMENT À OTTAWA

Le MARDI 27 mai 1947.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL

IL plaît à Son Excellence le Gouverneur général en conseil, sur la recommandation du ministre des Travaux publics et aux termes des dispositions de l'article 7 de la *Loi des passages d'eau*, chapitre 68 des statuts revisés du Canada, 1927, de dresser les règlements ci-joints pour la régie du passage d'eau public sur la rivière Saint-Clair, entre Walpole-Island (Ont.), et Algonac, Michigan, Etats-Unis d'Amérique, pendant la durée du permis émis en vertu du décret ministériel C.P. 2094, daté du 27 mai 1947, et lesdits règlements sont par les présentes dressés et établis en conséquence.

A. D. P. HEENEY,
Greffier du Conseil privé.

RÈGLEMENTS DU PASSAGE D'EAU

Passage d'eau sur la rivière Saint-Clair, entre Walpole-Island, province d'Ontario et Algonac, Etat du Michigan, Etats-Unis d'Amérique.

Article premier

Les limites du passage d'eau s'étendent d'un point connu sous le nom de l'extrémité du chemin Austin, Walpole-Island, province d'Ontario, à un point dans la ville d'Algonac, Etat du Michigan, Etats-Unis d'Amérique, ce dernier point devant être déterminé par les autorités municipales de l'endroit.

Article deuxième

On doit permettre à l'adjudicataire de se servir du quai public et de la rampe-débarcadère de passage d'eau à l'extrémité du chemin Austin, Walpole-Island, comme débarcadère pour ses bateaux-passeurs. La rampe-débarcadère doit servir exclusivement au passage d'eau et aux personnes et véhicules qui se servent dudit passage d'eau. De plus, le côté sud du quai public jusqu'à un point sis à cent vingt pieds (120') dans la direction du rivage à partir de l'extrémité du large du quai, doit être réservé à l'usage des bateaux-passeurs et des personnes qui se servent desdits bateaux-passeurs. On doit permettre à l'adjudicataire d'ajouter à ces ouvrages ou à des parties de ces derniers, surbordonnément à l'approbation du ministre des Travaux publics du Canada, les ouvrages qu'il jugera nécessaires. L'adjudicataire doit tenir toutes ces parties du quai public, ainsi que la rampe et les ouvrages supplémentaires, dans un état de propreté et faire toutes les réparations rendues nécessaires par des dommages résultant du service du passage d'eau.

Le privilège d'utliser le quai du gouvernement est accordé à l'adjudicataire à condition que ledit quai soit tenu ouvert à la circulation du gouvernement. Sinon, l'adjudicataire doit fournir, entretenir et maintenir en bon état un débarcadère convenable qui doit être absolument sûr et utilisable à toutes les phases du niveau de la rivière et qui doit être approuvé par le ministre des Travaux publics du Canada.

Article troisième

L'adjudicataire doit, sans frais de location ou autres pour le ministère du Revenu national, fournir, à ses propres frais et à la satisfaction du ministre du Revenu national, une salle d'attente et un entrepôt de tolérance convenablement éclairés et chauffés, pour l'entreposage temporaire des marchandises déchargées en Canada par les bateaux-passeurs. Il doit fournir également un bureau convenable pour les fonctionnaires du ministère du Revenu national préposés à la surveillance du passage d'eau et de l'entrepôt de tolérance.

L'adjudicataire doit aussi, au besoin, fournir et entretenir, à ses propres frais, un bureau éclairé et chauffé pour l'usage des fonctionnaires du ministère de l'Immigration préposés au débarcadère ou quai dudit passage d'eau.

Article quatrième

L'adjudicataire doit fournir et mettre en service sur le passage d'eau au moins un vaisseau à auto-propulsion pouvant loger six automobiles et ayant une cabine pour les passagers.

Les vaisseaux doivent avoir un commandant respectable et capable, possédant toutes les qualifications requises par la *Loi de la marine marchande du Canada*.

Les vaisseaux doivent être construits de manière à pouvoir donner un service convenable et satisfaisant pour le transport des passagers et des véhicules, sur ledit passage d'eau; ils doivent être munis de ceintures de sauvetage, être parfaitement équipés pour donner un bon service, et être maintenus en état de propreté comme la chose est requise par la *Loi de la marine marchande du Canada*.

Avant l'émission du permis, l'adjudicataire doit, à ses propres frais, se procurer d'un inspecteur qualifié de vaisseaux à vapeur, un certificat attestant la navigabilité des vaisseaux devant être mis en service en vertu dudit permis, et il doit déposer ce certificat au bureau du ministre des Travaux publics du Canada.

Il sera loisible au ministre des Travaux publics du Canada de rejeter tout vaisseau qui pourrait être mis en service sur ledit passage d'eau en quelque temps que ce soit, ou de rejeter son commandant ou les quais ou débarcadères fournis par l'adjudicataire, s'il les considérait tous, ou l'un d'eux respectivement, impropres au service ou incapables de satisfaire aux besoins du public.

Article cinquième

L'adjudicataire doit faire éteindre tous les feux des automobiles et faire arrêter les moteurs de ces dernières immédiatement après que chaque automobile aura pris place sur le bateau-passeur, et il doit voir à ce qu'ils soient maintenus dans cet état jusqu'à ce que le bateau soit amarré au quai ou débarcadère auquel il accoste.

Article sixième

L'adjudicataire ne doit jamais transporter ni permettre ou tolérer sciemment qu'il soit transporté sur ledit passage d'eau des articles de contrebande de quelque nature que ce soit.

Article septième

L'adjudicataire doit se conformer à toutes les lois relatives à la douane et à l'accise du Dominion du Canada et des Etats-Unis d'Amérique.

Article huitième

L'adjudicataire doit, pendant la durée du permis, maintenir chaque année l'horaire de traversées suivant entre Walpole-Island (Ont.), et Algonac, Michigan, Etats-Unis d'Amérique.

HORAIRE DES TRAVERSÉES

Chaque jour—Dimanches exceptés

Lorsque l'heure avancée est en vigueur dans la province d'Ontario ou dans les régions voisines, y compris Walpole-Island, le présent horaire doit être basé sur l'heure officielle adoptée dans ces régions.

HORAIRE D'ÉTÉ—Du 1er juin au 31 août inclusivement:
Service d'automobiles—De 8 A.M., à 8 P.M., d'heure en heure.
Service de passagers—De 6 A.M., à 8 P.M., d'heure en heure.

HORAIRE D'HIVER—Du 1er septembre au 31 mai inclusivement, lorsque l'on peut traverser la rivière sans danger.
A toutes les 2 heures de 9 A.M. à 5 P.M.

Si, de l'avis du commandant du bateau-passeur, la brume ou le mauvais temps sont de nature à mettre en danger soit la vie ou les biens, l'horaire mentionné aux présentes comme devant être en vigueur doit être suspendu pour toute la durée du mauvais temps.

Il est entendu, cependant, que si les traversées régulières sont temporairement interrompues, l'équipage dudit bateau-passeur restera à son poste jusqu'à ce que l'heure fixée pour la dernière traversée soit passée, afin que les traversées puissent être reprises aussitôt que la température le permettra.

Article neuvième

Les droits de passage et de péage perçus sur ledit passage d'eau durant les heures stipulées ne doivent jamais dépasser les taux suivants:—

Automobile et conducteur	$0.75
Voyageur en automobile	.10
Piéton	.15
Enfants de moins de 12 ans	.05
Camion non chargé et son conducteur	1.50
Camion chargé et son conducteur	2.50
Adultes, un passage, décembre, janvier, février et mars	.25

Tous les Indiens—un passage simple de $0.05 en chaque sens, sauf durant les mois de décembre, janvier, février et mars, alors que le prix peut être porté à $0.10.

Article dixième

Des pancartes énonçant les taux de passage et de péage sur ledit passage d'eau doivent être affichées et exhibées en tout temps, dans un endroit bien en vue sur ledit débarcadère ou quai ou près de celui-ci, sur les deux côtés de la rivière, et aussi à bord des bateaux-passeurs mis en service sur ledit passage d'eau.

Article onzième

Il est loisible au Gouverneur en conseil de changer ou de modifier l'horaire des traversées et le tarif des droits de péage susmentionné, s'il le juge expédient dans l'intérêt public. L'adjudicataire et le conseil général des Indiens de Walpole-Island auront droit d'être entendus avant qu'un changement quelconque ne soit fait. Avis de ces changements ou modifications sera publié dans la *Gazette du Canada*, tel que prescrit à l'Article 8 du Chapitre 68 des Statuts (revisés) du Canada, 1927, qui a pour titre: "*Loi des passages d'eau publics*", et l'adjudicataire en sera officiellement averti par le ministre des Travaux publics et, après la date de cet avis, l'adjudicataire doit mettre en vigueur l'horaire des traversées ainsi modifié, et ne doit pas percevoir ou recevoir des droits de passage ou de péage autres ou plus élevés que ceux qui seront prescrits par le tarif ainsi modifié, et ce tant que ce tarif sera en vigueur.

Article douzième

Dans le cas où la somme due pour le permis ou toute partie d'icelle resterait impayée vingt et un jours après la date d'échéance, ou dans le cas où l'adjudicataire manquerait à l'observance ou à l'accomplissement de l'une quelconque des dispositions, restrictions, conditions ou stipulations qui doivent être observées ou accomplies, ou dans le cas où l'adjudicataire, ou toute personne ou compagnie en faveur de qui le permis sera échu par droit pour le moment, deviendrait insolvable, ou dans le cas où les stipulations de l'Article 5 de la *Loi du Dimanche* ne seraient pas dûment observées et obéies par l'adjudicataire, alors, dans l'un quelconque des cas précités, et sera loisible au ministre d'annuler ledit permis par un avis écrit envoyé à l'adjudicataire, et le permis deviendra alors absolument nul et non avenu.

Article treizième

L'adjudicataire ne doit pas, en quelque temps que ce soit pendant la durée du permis, enfreindre volontairement et de propos délibéré les lois ou règlements des Etats-Unis d'Amérique, de l'Etat du Michigan ou de la ville d'Algonac régissant les passages d'eau et qui peuvent être applicables audit passage d'eau ou à toute partie qui pourrait tomber sous la juridiction desdits Etats-Unis d'Amérique, ou de l'état du Michigan, ou de la ville d'Algonac, ni permettre ou tolérer qu'ils soient enfreints par l'un quelconque de ses employés.

Article quatorzième

Il est stipulé toujours que si, en exerçant l'un quelconque des pouvoirs à eux conférés en quelque temps que ce soit pendant la durée dudit permis, les Etats-Unis d'Amérique, ou l'état du Michigan ou la ville d'Algonac empêchaient ou entravaient le service sur ledit passage d'eau, ou sur toute partie d'icelui qui pourrait tomber sous la juridiction de l'un d'entre eux, ou s'ils causaient des pertes, dépenses, charges ou dommages à l'adjudicataire à ce propos, aucune réclamation ou demande de compensation ne pourront être faites contre le Dominion du Canada.

Il est stipulé de plus que si les Etats-Unis d'Amérique, l'état du Michigan ou la ville d'Algonac, en exerçant l'un quelconque des pouvoirs à eux conférés en quelque temps que ce soit pendant la durée du permis, empêchaient ou entravaient le service sur ledit passage d'eau ou sur toute partie d'icelui qui pourrait tomber sous la juridiction de l'un d'entre eux, les stipulations de l'article douzième des présents, concernant la révocation du permis par les présentes accordé, ne s'appliqueront pas.

Article quinzième

Le permis sera accordé pour une période de cinq années, à compter du 1er mai 1947.

Article seizième

L'adjudicataire sera tenu de fournir à Sa Majesté deux cautions résidant dans le Dominion du Canada, lesquelles cautions seront liées solidairement avec le principal intéressé en la somme de cinq cent dollars ($500) pour le plein accomplissement, par l'adjudicataire, de toutes les conditions du permis.

On acceptera, au lieu des deux cautions, un cautionnement de $500 fourni par une compagnie de garantie autorisée.

Article dix-septième

Le permis ne doit être ni cédé ni sous-loué sans le consentement du ministre des Travaux publics du Canada. Toutefois, dans le cas du décès de l'adjudicataire, le permis passera à l'avantage de ses représentants personnels ou de ses légataires.

Article dix-huitième

L'adjudicataire n'aura droit à aucune réclamation ni demande de dommages-intérêts ou de compensa-

tion du fait de la construction, l'entretien et l'exploitation d'un pont ou de ponts quelconques ou d'un tunnel ou de tunnels quelconques qui pourraient en quelque façon que ce soit nuire à l'exploitation du passage d'eau consentie aux présentes.

Avis de bills privés

107. Toute demande adressée au Parlement pour obtenir un bill privé doit être annoncée par avis publié dans la *Gazette du Canada;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et désigner l'adresse des signataires; et si la demande a pour objet l'obtention d'une loi en constitution de corporation, l'avis doit aussi mentionner le nom de la compagnie dont la constitution est projetée.

Outre l'avis dans la *Gazette du Canada,* comme susdit, pareil avis doit être donné de la façon suivante:

(A) Lorsque la demande a pour objet l'obtention d'une loi constituant en corporation:

1. *Une compagnie de chemin de fer ou de canal*—dans un des principaux journaux de la principale cité, ville ou village de chaque comté ou district par où doit passer le chemin de fer ou le canal dont la constitution est projetée;

2. *Une compagnie de télégraphe ou de téléphone*—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire dans lequel la compagnie se propose d'exercer des opérations;

3. Une compagnie ayant pour objet *l'exécution d'entreprises* dont l'exécution ou l'exploitation pourrait spécialement affecter une localité particulière, ou cherchant à obtenir des *droits ou privilèges exclusifs,* ou voulant accomplir toute affaire ou chose dont l'accomplissement affecterait les droits ou propriétés d'autrui—dans un des principaux journaux de l'endroit ou des endroits particuliers que le projet de loi peut affecter;

4. *Une compagnie de banque; compagnie d'assurance; compagnie fiduciaire; compagnie de prêt* ou *compagnie industrielle,* sans pouvoirs exclusifs—dans la *Gazette du Canada* seulement;

5. Et si les entreprises d'une compagnie (constituée ou à constituer) doivent être déclarées d'utilité publique au Canada, cette intention doit être expressément mentionnée dans l'avis, et les requérants doivent adresser une copie de cet avis, sous pli recommandé, au secrétaire de chaque conseil de comté et de chaque corporation municipale pouvant être particulièrement affectée par l'exécution ou l'exploitation de ces entreprises, ainsi qu'au secrétaire de la province dans laquelle des entreprises sont ou peuvent être situées; et la preuve de l'observation de cette prescription par les requérants doit être établie par une déclaration statutaire.

(B) Lorsque la demande a pour objet de modifier une loi existante:

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient—l'avis doit être le même *mutatis mutandis* que celui pour l'obtention d'une loi constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres entreprises déjà autorisées—dans un des principaux journaux de l'endroit où la compagnie a ou est autorisée à avoir son siège social;

3. Afin d'élargir les pouvoirs d'une compagnie (sans comporter attribution de droits exclusifs); d'accroître ou de réduire le capital social d'une compagnie; ou d'augmenter ou modifier son pouvoir d'émettre des obligations ou ses autres pouvoirs d'emprunt; ou de présenter un amendement pouvant porter atteinte aux droits ou aux intérêts des actionnaires, des détenteurs d'obligations ou des créanciers de la compagnie—dans un des principaux journaux du lieu de son siège social.

(C) Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, doivent être publiés au moins une fois par semaine pendant quatre semaines consécutives; et lorsqu'ils sont publiés dans les provinces de Québec et du Manitoba, ils doivent être en langues anglaise et française.

Des exemplaires marqués de chaque numéro de tous les journaux contenant l'avis doivent être adressés au greffier du Sénat et porter la mention: "Avis de bill privé"; au lieu des journaux, une déclaration statutaire attestant que l'avis a été régulièrement publié peut être adressée au greffier du Sénat.

Tout avis adressé sous pli recommandé doit être mis à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale deux semaines au moins avant l'examen de la pétition par le comité des ordres permanents; et une déclaration statutaire établissant le fait de la mise à la poste doit être transmise au greffier du Sénat.

108. Nulle pétition demandant la constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, ne doit être étudiée par le comité des ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé de l'entreprise, ainsi que chaque comté, canton, district ou municipalité par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement dont la construction est projetée.

110. Toute pétition tendant à obtenir un bill privé ne sera reçue par le Sénat que si elle a été déposée chez le greffier du Sénat au cours des six premières semaines de la session; et tout bill privé introduit au Sénat doit être présenté au Sénat dans un délai de deux semaines après que l'examinateur des pétitions ou le comité des ordres permanents aura fait un rapport favorable à la pétition se rapportant à ce bill; et aucune motion demandant la suspension du présent ordre permanent ne sera prise en considération à moins que le comité des ordres permanents n'ait au préalable présenté un rapport recommandant pareille suspension.

114. Toute personne qui désire présenter un bill privé doit remettre au greffier du Sénat, s'il est projeté que le bill prenne naissance au Sénat, une copie du bill en anglais ou en français, avec un montant suffisant pour en payer la traduction, laquelle sera faite par les fonctionnaires du Sénat; elle doit aussi payer les frais d'impression de 600 exemplaires anglais et de 200 exemplaires français. Le requérant doit pareillement verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant sa mise à l'étude par le comité auquel il est renvoyé, la somme de deux cents dollars avec les frais d'impression de la loi pour l'incorporer dans les Statuts; et il doit remettre au greffier de ce comité un reçu de ce versement.

Modèle d'un bill amendant une loi

60A.—(1) Dans la confection des bills amendant des textes législatifs existants, les amendements ne doivent pas ordinairement être effectués au moyen de clauses qui ajoutent, retranchent ou remplacent des mots, mais au moyen de clauses qui réédictent l'article, le paragraphe ou la disposition, telle qu'amendée.

(2) Dans le texte du bill, sur la page de gauche, le nouveau texte doit être indiqué par les signes typographiques les plus appropriés à chaque cas; crochets, italique, texte souligné, astérisques, etc. En regard de chaque clause, sur la page de droite, le texte amendé par le bill, ou la partie importante de ce texte doit être imprimée, et les changements projetés doivent y être indiqués de la manière prévue ci-dessus.

(3) Lorsqu'une clause abroge un article existant, un paragraphe ou une autre disposition d'un article, cet article, ce paragraphe ou cette autre disposition, ou la partie qui en est importante, doit être imprimé en regard de la clause.

(4) Un mémoire du rédacteur expliquant brièvement les motifs de chaque clause doit être annexé au bill, ou distribué avec le bill. Lorsque possible, le mémoire doit être imprimé sur la page de droite du bill, en paragraphes placés en regard des clauses visées, et portant un numéro correspondant.

(5) Les règles ci-dessus s'appliquent, autant que possible, à la réimpression des bills.

CHAMBRE DES COMMUNES

EXTRAIT DU RÈGLEMENT DE LA CHAMBRE DES COMMUNES TOUCHANT LA PUBLICATION DES AVIS

95. (1) Toute pétition introductive de bill privé de quelque nature qu'il soit, doit être annoncée par avis publié dans la *Gazette du Canada*. Cet avis doit exposer clairement et distinctement la nature et l'objet du bill projeté; il doit être signé par les pétitionnaires ou en leur nom, avec indication de l'adresse des signataires. Si la pétition tend à une loi de constitution en corporation, l'avis doit mentionner le nom de la compagnie projetée. Si les travaux d'une compagnie, qu'elle soit constituée en corporation ou qu'il s'agisse de la constituer en corporation doivent être reconnus comme étant destinés à profiter au Canada d'une manière générale, l'avis doit énoncer cette intention expressément, et les pétitionnaires doivent faire parvenir une copie de cet avis par lettre recommandée, au secrétaire de chaque comté ou municipalité que la construction ou la mise en œuvre de ces ouvrages peut intéresser, ainsi qu'au secrétaire de la province où ces mêmes ouvrages sont ou pourront être situés. Tout avis ainsi expédié par lettre recommandée doit être mis à la poste assez tôt pour arriver à destination au moins deux semaines avant la prise en considération du bill par le comité auquel il peut être renvoyé. La preuve que les requérants se sont conformés à cette règle s'établit au moyen d'une déclaration statutaire.

(2) Outre l'avis devant figurer dans la *Gazette du Canada*, il doit en être publié un semblable dans quelque journal important, comme suit:

(A) 1. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie de chemin de fer ou de canal, cet avis similaire doit être publié dans la principale cité, ville ou municipalité de village de chaque comté ou district que doit traverser le chemin de fer ou le canal projeté;

2. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie de télégraphe ou de téléphone, cet avis similaire doit être publié dans la principale cité ou ville de chaque province ou territoire où la compagnie en question se propose d'établir son service;

3. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie créée en vue de la construction de tous ouvrages dont l'établissement ou la mise en œuvre pourrait intéresser tout particulièrement une localité quelconque, ou en vue de tous droits ou privilèges exclusifs, ou encore en vue de toute opération qui pourrait porter atteinte aux droits ou aux biens d'autrui, cet avis similaire doit être publié dans les diverses localités où la loi projetée pourrait porter atteinte aux affaires, droits ou biens d'autres personnes ou compagnies;

4. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation un établissement bancaire, une compagnie d'assurance, une compagnie de fiducie, une compagnie de prêts ou une compagnie industrielle non dotée de pouvoirs exclusifs, il suffit d'un avis dans la *Gazette du Canada*.

(B) 1. Lorsque la pétition a pour objet de modifier une loi existante en vue du prolongement de tout chemin de fer ou canal ou de la construction d'un embranchement de voie ferrée ou de canal, il est publié un avis à l'endroit où se trouve le siège social de la compagnie et dans la principale cité, ville ou municipalité de village de chaque comté ou district devant être desservi par ce prolongement ou cet embranchement.

2. Lorsque la pétition a pour objet de modifier une loi existante en vue de prorogation du délai fixé pour la construction ou l'achèvement de toute ligne de chemin de fer, de tout embranchement ou prolongement de ligne de chemin de fer, de tout canal, de tout réseau télégraphique ou téléphonique, ou de tout ouvrage déjà autorisé il est publié un avis à l'endroit où se trouve le siège social de la compagnie et dans la principale cité ou ville de chaque district intéressé.

3. Lorsque la pétition a pour objet de modifier une loi existante en vue de la continuation d'une charte ou de l'extension des pouvoirs d'une compagnie (quand elle ne comporte pas la concession de droits exclusifs); ou en vue de l'augmentation ou de la réduction du capital-actions d'une compagnie quelconque; ou en vue de l'accroissement ou de la modification de sa faculté d'émettre des obligations ou de contracter des emprunts d'un autre genre; ou encore en vue de toute modification touchant aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie, il est publié un avis à l'endroit où est situé le siège social de la compagnie ou à l'endroit où la compagnie est autorisée à établir son siège social.

(C) Lorsque la pétition a pour objet d'obtenir, pour quelque personne ou corporation existante, des droits ou privilèges exclusifs ou encore la faculté d'accomplir une chose dont la mise en œuvre intéresserait les droits ou biens d'autrui, il est publié un avis dans les localités où les affaires, les droits ou les biens d'autrui peuvent être spécialement compromis par la loi projetée.

(3) Tout avis de ce genre, qu'il soit inséré dans la *Gazette du Canada* ou dans un journal, doit être publié au moins une fois par semaine durant une période de quatre semaines consécutives. Lorsque la pétition prend naissance dans la province de Québec ou dans la province du Manitoba, l'avis en doit être publié en anglais dans un journal anglais et en français dans un journal français, ainsi qu'en anglais et en français dans la *Gazette du Canada*. S'il n'y a pas de journal dans la localité où il faut annoncer ladite pétition l'avis doit être publié à l'endroit le plus rapproché où est imprimé un journal. La preuve que l'avis en question a été dûment publié s'établit, dans chaque cas, par voie de déclaration statutaire. Toute déclaration de cette nature doit être envoyée au greffier de la Chambre, et elle doit porter au dos l'indication: "Avis de bill privé".

Pétitions introductives de bills privés

92. Nulle pétition introductive de bill privé n'est reçue par la Chambre si elle n'est pas présentée dans les six premières semaines de la session. Tout bill privé prenant naissance à la Chambre des communes doit y être présenté dans les deux semaines qui suivent le jour où la pétition a été rapportée favorablement par l'examinateur des pétitions ou par le comité du Règlement. Nulle motion portant suspension du présent article ne peut être accueillie à moins que le comité du Règlement n'ait préalablement présenté un rapport recommandant cette suspension, en y consignant les motifs de sa décision

97. Nulle pétition portant constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie se proposant d'exploiter un canal, ou portant prolongement d'une ligne de chemin de fer ou d'un canal existant ou autorisé, ou portant construction d'un embranchement de voie ferrée ou de canal, ne sera prise en considération par l'examinateur, ou par le comité du Règlement, tant qu'il n'aura pas été déposé entre les mains dudit examinateur une carte ou un plan indiquant l'endroit où se trouveront ces ouvrages, et chaque comté, canton, municipalité ou district à travers lequel, le chemin de fer, le canal, le prolongement ou l'embranchement projeté doit être construit.

Bills privés

93. (1) Quiconque désire obtenir un bill privé doit déposer entre les mains du greffier de la Chambre, au plus tard le premier jour de la session, une copie de ce bill en anglais ou en français, ainsi qu'une somme suffisante pour en défrayer la traduction, qui est faite par le personnel de la Chambre, et l'impression, qui est exécutée par le département des impressions publiques.

(2) Le promoteur d'un bill privé doit, après la deuxième lecture de ce bill et avant sa prise en considération par le comité qui en est saisi, défrayer l'impression de la loi dans le recueil des statuts et payer un droit de cinq cents dollars.

FRAIS ADDITIONNELS

(3) En sus des frais précités, les droits suivants doivent être imposés et payés:

a) Lorsqu'il y a suspension d'un article du Règlement relativement à un bill ou à la pétition introductive qui s'y rattache	$ 100
b) Lorsqu'un bill est présenté en Chambre après la huitième semaine et avant l'expiration de la douzième semaine de la session	100
c) Lorsqu'un bill est présenté en Chambre après la douzième semaine de la session	200
d) Lorsque le capital-actions projeté d'une compagnie ne dépasse pas $250,000	100
e) Lorsque le capital-actions projeté d'une compagnie dépasse $250,000, mais n'est pas supérieur à $500,000	200
f) Lorsque le capital-actions projeté d'une compagnie dépasse $500,000, mais n'est pas supérieure à $750,000	300
g) Lorsque le capital-actions projeté d'une compagnie dépasse $750,000, mais n'est pas supérieur à $1,000,000	400
h) Lorsque le capital-actions projeté d'une compagnie dépasse $1,000,000, mais n'est pas supérieur à $1,500,000	600
i) Lorsque le capital-actions projeté d'une compagnie dépasse $1,500,000, mais n'est pas supérieur à $2,000,000	800
j) Pour chaque million de dollars de capital-actions additionnel ou fraction de million	200

(4) Lorsqu'un bill porte augmentation du capital-actions d'une compagnie existante, le droit additionnel à débourser est basé sur le tarif précité, et il n'y est fait état que du montant de l'accroissement.

(5) *a*) Lorsqu'un bill tend à l'augmentation de la faculté d'emprunt d'une compagnie ou en comporte l'augmentation sans qu'il y ait accroissement du capital-actions, le droit additionnel est de trois cents dollars.

b) Lorsqu'un bill porte augmentation à la fois du capital-actions et de la faculté d'emprunt d'une compagnie, le droit additionnel est perçu sur les deux.

(6) Si, à quelque phase du bill, il y a augmentation du capital-actions projeté d'une compagnie ou

de sa faculté d'emprunt, le bill en question ne peut franchir une autre étape tant que ces promoteurs n'auront pas soldé les frais occasionnés par cette modification.

(7) Dans la présente règle, l'expression "capital-actions projeté" comprend toute augmentation de capital-actions prévue par le bill; et quand un bill porte faculté d'augmenter à quelque époque le chiffre du capital-actions, le droit additionnel est calculé sur le maximum de l'augmentation projetée, dont le bill fait mention.

(8) Les droits additionnels établis par la présente règle s'appliquent aussi aux bills privés qui ont pris naissance au Sénat; néanmoins, si la pétition introductive d'un bill privé de ce genre a été présentée à la Chambre des communes dans les six premières semaines de la session, les droits additionnels prévus aux alinéas *b*) ou *c*) du paragraphe 3 ne sont pas exigibles.

Du bill-type

96. (1) Le greffier en chef des bills privés remplit les fonctions d'examinateur des bills privés, et, comme tel, il est tenu d'étudier et de reviser tous les bills privés antérieurement à leur impression, en vue d'y établir une certaine uniformité, lorsque la chose est possible, et de s'assurer qu'ils ont été élaborés conformément aux articles du Règlement de la Chambre relatifs aux bills privés.

(2) Tout bill tendant à la constitution en corporation d'une compagnie doit, lorsqu'il a été adopté une formule de bill-type, être rédigé en conformité de ce modèle, dont il peut être obtenu des exemplaires du greffier de la Chambre. Toute disposition d'un bill de ce genre qui n'est pas conforme au bill-type doit être insérée entre crochets ou soulignée, et elle doit être imprimée de la sorte.

(3) Lorsqu'un bill privé porte modification d'un article, paragraphe ou alinéa quelconque d'une loi existante, ce même article, paragraphe ou alinéa doit être abrogé dans le texte du bill et reconstitué selon la modification que les auteurs du bill veulent y apporter, la nouvelle rédaction devant être soulignée. L'article, le paragraphe ou alinéa que les auteurs veulent faire abroger, ou encore ce qu'il renferme d'essentiel, doit être imprimé sur la feuille du côté droit en regard de ce même article, paragraphe ou alinéa.

(4) Lorsqu'un bill privé tend à abroger un article, paragraphe ou autre partie d'un article, cet article, ce paragraphe ou cette autre partie, ou encore ce qui s'y trouve d'essentiel, doit être imprimé en regard de l'article du bill.

(5) Une note établissant brièvement l'objet d'une disposition d'un caractère exceptionnel ou dont la teneur s'écarte des dispositions du bill-type ou des articles servant de modèle, doit être imprimée en regard de l'article du bill.

CARTE OU PLAN ACCOMPAGNANT LE BILL

98. Nul bill portant constitution en corporation d'une compagnie de chemin de fer ou de canal, nul bill tendant à faire autoriser la construction d'embranchement ou de prolongements se rattachant à des lignes de chemins de fer ou à des canaux existants, nul bill portant modification de la route suivie par un chemin de fer ou un canal exploité par une compagnie déjà constituée en corporation ne doit être pris en considération par le comité des chemins de fer tant qu'il n'aura pas été produit devant ledit comité, au moins une semaine avant la prise en considération du bill, une carte ou un plan établi sur une échelle d'au moins un demi-pouce au mille, indiquant le territoire sur lequel il est question de construire les ouvrages projetés et aussi les ouvrages analogues qui y ont déjà été construits ou autorisés, ou qui intéressent la région ou la partie de région devant être desservie par les services projetés. Cette carte ou ce plan doit porter la signature de l'ingénieur ou de toute autre personne qui l'a dressé.

1. (1) In these regulations, unless the context otherwise requires,

(*a*) "Department" means the Department of Mines and Resources;

(*b*) "Director" means the Director of Lands and Development Services Branch, of the Department of Mines and Resources, Ottawa.

(*c*) "exploratory work" includes geological examinations, geophysical examinations, aerial mapping, investigations relating to sub-surface geology and test drilling;

(*d*) "geological unit" means a block of land within the confines of which is comprised what may be designated on structural or other geological grounds as an entire common accumulation of petroleum and natural gas;

(*e*) "legal post" means a stake or post of any kind, of sound timber of sufficient length so that when firmly planted in the ground in an upright position, not less than four feet of such post shall be above ground; the post must be of such diameter that when squared or faced for eighteen inches from the upper end each face of the squared or faced portion shall be not less than four inches in width across the face for the full eighteen inches, or if a tree of suitable size is found in position it may be made into a post by cutting the tree off not less than four feet from the ground and squaring and facing the upper eighteen inches, each face of the portion so squared or faced to be not less than four inches in width; whether a post is planted or a stump of a tree made into a post, a mound of stone or earth shall be erected around the base of the post, such mound of earth or stones to be not less than three feet in diameter on the ground, and not less than eighteen inches high, cone-shaped and well constructed;

(*f*) "Lessee" means any individual, company or corporation, the holder of a petroleum and natural gas lease in good standing;

(*l*) "permittee" means any person holding a valid permit;

(*m*) "Supervisory Engineer" means the officer of the Department appointed by the Minister to supervise in the field the observance of these regulations.

(2) For the purposes of these regulations, commercial exploration shall be deemed to commence on such date as the Minister, having regard to the pertinent economic conditions, may declare that a market, commensurate to the productive capacity of the wells and the reserves discovered or being developed, is available.

Permit to explore

2. The Minister may issue to any person applying therefor a permit conveying the exclusive right to explore for petroleum and natural gas in lands, the property of the Crown, in the Northwest Territories and the Yukon Territory, if he is satisfied that the exploratory program to be undertaken is of such a nature that information of value will be obtained.

Area

3. (1) The maximum area which may be held under one permit shall be sixty-four thousand acres and the minimum area shall be thirty-two thousand acres.

(2) Every such area shall be rectangular in form, the length being not greater than three times its breadth, and may be staked in any direction; provided, however, that where any area adjoins or is in close proximity to or is crossed by any important navigable river or rivers, the smaller dimension of such area shall be in the general direction of such river, or should there be more than one river, then in the general direction of the larger river.

(3) No person shall at any one time hold more than eight permits.

Term

4. Unless sooner cancelled under these regulations, every permit shall be valid for a period of three years and may be renewed for a further period of three years.

Assignment

5. The permittee shall not assign, transfer, or sublet the rights obtained under permit without first having obtained the written consent of the Minister.

Abandonment

6. (1) A permittee may at any time abandon the whole or any portion of the acreage held under permit if the amount expended for exploration equals the amount of the deposits made pursuant to Sections 8, 10 and 11 of these regulations.

(2) The area to be abandoned shall be rectangular in shape and shall be clearly described by reference to the boundaries specified in the permits affected.

Areas Held Under Lease Excluded

(3) In computing the maximum area held under permit, the areas held under lease shall not be included.

Application for permit

7. (1) Applications for permits and renewals shall be made to the Director.

(2) An application for a permit shall be made by registered mail and shall be posted not later than thirty days from the date of staking, provided, however, that at the discretion of the Minister an application posted in the registered mail later than thirty days may be considered if no other application has been received for the same area.

Fee—Deposit

8. Every application for a permit shall be accompanied,

(*a*) by a fee of two hundred and fifty dollars,

(*b*) by a deposit of money or guarantee bond satisfactory to the Minister, to the value of five cents for each acre included in the area for which application is made, to cover the first eighteen months' period of the permit,

Information to be furnished

(*c*) by complete information setting out the extent and character of the examination to be made and an estimate of the cost thereof,

Description of area

(*d*) by a written description by metes and bounds of the area applied for, together with an explanatory sketch plan drawn to a suitable scale, indicating the positions of the legal posts, the positions of the four corners, the positions and lengths of the reference lines, the distances apart of cairns or mounds on the reference lines and the astronomic northing or southing and easting or westing from the most suitable recognizable natural feature or features shown on the official map sheet or sheets of the National Topographic series at the scale of eight miles to one inch; the sketch plan shall contain marginal diagrams in the form of squares of suitable size, opposite the sides of which will be indicated the markings on the corresponding sides of the legal post planted,

Method of staking

(*e*) by evidence supported by affidavit to show that the following requirements have been complied with:—

(i) that the area has been marked on the ground by at least one legal post planted preferably at one of the four corners or otherwise planted one or e of the four side lines, an additional legal post to be planted wherever any one of the side lines is intersected by a travelled road or water route;

(ii) that each legal post planted has been referenced by a straight line marked on the ground at least two thousand feet in length commencing at the post and running along one of the boundaries; where the post is at a corner, this line, if possible, should be in the direction of the greatest dimension of the area; in timbered country the line shall be clearly marked on the ground by removing the trees and underbrush to a width of six feet along the entire length thereof and an area of ten feet square shall be cleared by cutting the underbrush so that the post shall be clearly discernible at a reasonable distance. In a locality where there are neither trees nor underbrush the line shall be marked by stone cairns or earth mounds at least thirty inches high and thirty inches in bottom diameter and placed at intervals of not more than four hundred feet;

(iii) that each legal post has been marked to show the name of the applicant for the permit, the hour and the date it was planted, the number of the post, whether it is a corner or a side post and the distance in miles and the direction to the two adjacent corners, in the manner indicated in Appendix A; the inscriptions to be placed on these legal posts shall be clearly and legibly marked by knife, marking iron or crayon, in such manner that they will not become obliterated; except when marked by a corner post the position of each corner is fixed by the natural feature from which it is referenced and the boundaries of the area are the straight line joining the four corners;

(iv) priority of application shall be based upon the date and time of the staking of the area applied for.

Exploratory work to be performed

9. (1) The permittee shall make an approved geological examination of the area, by surface exploration, geological operations, or other approved methods relating to the subsurface geology, such as drilling.

(2) The minimum expenditure for such exploration shall be equal to the amount of money or bonds on deposit by the permittee.

Deposit at end of eighteen months

10. At the expiration of eighteen months after a permit is first issued the permittee shall deposit money or guarantee bond satisfactory to the Minister to the value of twenty-five cents for each acre included in the permit.

Annual deposits for period of renewal

11. (1) Where application is made for renewal of a permit the applicant shall deposit, at the time of his application, money or guarantee bond satisfactory to the Minister to the value of thirty cents for each acre included in the permit.

(2) At the expiration of one year after the renewal the permittee shall deposit money or guarantee bond satisfactory to the Minister to the value of forty cents for each acre included in the permit.

(3) At the expiration of two years after the date of the renewal the permittee shall deposit money or guarantee bond satisfactory to the Minister to the value of fifty cents for each acre included in the permit.

Excess expenditure to be credited on succeeding year

12. If the permittee incurs during any period of his permit an expenditure on exploratory work in excess of the amount required under these regulations, the said excess shall be allowed as a credit against expenditures as required by sections ten and eleven for the succeeding periods.

Cancellation for failure to make deposits

13. Where a permittee fails to make the deposit of money or guarantee bond satisfactory to the Minister required to be made by sections ten or eleven of these regulations the Minister may in his discretion cancel the permit.

Refund if application or renewal refused

14. Where an application for a permit is refused the application fee and the deposit of money or guarantee bond shall be returned to the applicant.

Grouping of permits

15. (1) A permittee, who has acquired more than one permit, may consolidate for operations and expenditures the areas described in such permits, if such areas or any portion thereof, are situate within a distance of twenty-five miles from the boundary of any area held under permit by the permittee upon which exploratory work is being done.

(2) For the purposes of this section the date of the consolidation shall be that of the earliest permit included in such consolidation.

Purpose of deposit

16. The deposit of money or guarantee bond shall be held by the Department as a guarantee that an expenditure equal thereto will be made in accordance with these regulations during the period for which the deposit was made.

Forfeiture

17. (1) The amount by which the value of the deposit exceeds the aggregate of the actual amount expended on or in connection with exploratory work during such period and the amount allowed as a credit under section twelve of these regulations for that period shall be forfeited to the Crown.

Minister to decide amount

(2) The amount of such expenditure shall be determined by the Minister on evidence of expenditure furnished by the permittee and such other evidence as the Minister may require.

Release of deposit

18. Such portions of the deposit as may be satisfactory to the Minister shall be released from time

to time upon acceptance by the Minister of progress reports submitted to the Director by the permittee and such other information as the Minister may require in respect of expenditures made in relation to such progress reports together with the logs of any wells drilled and the conditions ascertained and the results obtained.

19. No release of any portion of the deposit shall be made until the permittee submits to the Director a statutory declaration setting forth the several items of expenditure incurred and the specific purpose for which each item was expended and the record of results obtained.

Semi-annual reports

20. At the end of each period of six months a permittee shall furnish the Director with copies of all aerial photographs and certified copies of all geological and geophysical plans and reports completed during such period together with full details of all drilling and other subsurface work undertaken.

Credit for expenditure on permit or group

21. At the expiration of each period of a permit or group of permits, referred to in sections eight, ten, and eleven, an amount of fifty per centum of the total expenditures as determined by the Minister pursuant to Section 17 (2) made in respect of a permit or group of permits shall be placed to the credit of the permittee to be applied in satisfaction of the rental, including the first year's rental, of any leases acquired comprising portions of the area formerly held under such permit or group of permits; provided, however, that no portion of any such credit shall be applied on account of the rental of said leases after commercial exploitation of the geological unit on which the location or group of locations is situated has commenced.

Right of entry on permit area of departmental officer

22. It shall be lawful for the Minister, or anyone authorized by him, at all times, to enter upon the area held under permit and have access to all wells, records, plant, and equipment, and the permittee, his representative or operator, shall render the officer such assistance as may be necessary or essential, and such officer shall have the right to take samples, particulars, or carry out any tests or examinations desired.

Permittee may acquire leases

23. Where the permittee has complied with these regulations he shall have, at any time prior to the expiration of his permit, the exclusive right to acquire leases under these regulations to an area not exceeding thirty-five per centum of the area originally held by the permittee under permit; provided, however, that the total area acquired under lease by any one person, in accordance with the provisions of this section, shall, at no time, exceed one hundred and twenty-eight thousand acres.

LEASES

24. The petroleum and natural gas rights which are the property of the Crown in the Northwest Territories and Yukon Territory and which are available may be leased to applicants at a rental of fifty cents an acre for the first year and one dollar an acre for the second and each succeeding year, payable yearly in advance.

Term of lease and renewal

25. The term of the lease shall be twenty-one years, renewable for successive periods of twenty-one years each, provided the lessee can furnish evidence satisfactory to the Minister to show that during the term of the lease he has complied fully with the conditions of such lease and with the provisions of the regulations in force from time to time during the currency of the lease.

Area

26. The maximum area of a petroleum and natural gas location shall be two thousand five hundred and sixty acres and the minimum area one thousand two hundred and eighty acres.

Application and fee

27. (1) Application for a lease of the petroleum and natural gas rights shall be forwarded to the Director by registered mail within thirty days of the date of staking.

(2) A fee of five dollars shall accompany each application.

Description

28. (1) The application shall contain a description by metes and bounds of the location applied for and shall be accompanied by a plan showing the position of such location in its relation to some prominent topographical feature or other known point.

Plan

(2) The plan shall be drawn to an adequate scale and shall contain sufficient data to admit of the position of the location applied for being definitely shown in the records of the Department.

(3) The location must be rectangular in form, except where a boundary of a previously located tract is adopted as common to both locations, the length not to exceed four times the breadth.

(4) The application shall be accompanied by evidence, supported by affidavit of the locator, to show that the following requirements have been fully complied with:—

(*a*) that the location applied for has been defined on the ground by the applicant in person or his agent, by planting two legal posts firmly in the ground, one at each extremity of the location line, which shall be known as "Location Post No. 1" and "Location Post No. 2": the location line shall be in the astronomical cardinal directions and shall be a straight line, measured horizontally between the location posts; the distance between Post No. 1 and Post No. 2 shall not exceed twenty-one thousand one hundred and twenty feet, or four miles, but may be less;

(*b*) the inscriptions to be placed on these posts shall be and remain clearly and legibly marked by knife, marking iron or crayon, but not so as to become illegible or obliterated:

(*c*) on Location Post No. 1 on the side facing in the direction of Location Post No. 2 shall be marked, beginning near the top of the portion faced and extending downward, the following:—
- (i) Oil Location;
- (ii) No. 1;
- (iii) the letter indicating the direction of Location Post No. 2—"N" for north or northerly, "S" for south or southerly, "W" for west or westerly, and "E" for east or easterly;
- (iv) the number of feet lying to the right and the number of feet lying to the left of the location line—"R" for right and "L" for left;
- (v) distance to Post No. 2;
- (vi) the month and date of the month upon which the location was made;
- (vii) the year;
- (viii) the name of the person staking the location;

(*d*) on Location Post No. 2 shall be marked on the side of that post facing in the direction of Location Post No. 1, beginning near the upper end of the portion faced and extending downward, the following:—
- (i) No. 2;
- (ii) the month and date of the month upon which the location was made;
- (iii) the year;
- (iv) the name of the person staking the location;

(*e*) the locator standing at Location Post No. 1 and facing in the direction of Post No. 2 shall have the right and left of the location line on his right and left respectively;

(*f*) When the tract has been defined, the locator shall mark out immediately the line between Post No. 1 and Post No. 2, so that it can be distinctly seen in a timbered locality, by blazing trees and removing underbrush, and in a locality where there is neither timber nor underbrush he shall set posts or erect mounds of earth or rock in such a manner that the line may be distinctly seen. In a timbered locality an area of ten feet square shall be cleared around each post by cutting the underbrush so that the post shall be clearly discernible at a reasonable distance.

(*g*) all the particulars required to be inscribed on Posts No. 1 and No. 2 shall be set out in the application;

(*h*) when an extremity of a location line falls in water, in the bed of a stream, or in any other locality unfavourable to the erection of a location post, the locator shall set up a witness post on the location line at a suitable point as near as possible to such extremity, and the marking already prescribed in the regulations to be placed on the location post shall be preceded by the letters "WP" as an abbreviation of witness post, on one line, followed by a second line indicating the distance in feet and the direction of the point which it is intended to witness, using "N" for north or northerly, "S" for south or southerly, "W" for west or westerly, and "E" for east or easterly; witness posts so placed shall be legal posts and shall govern the positions of the points which they are intended to witness; (see Appendix B);

(*i*) where any person has located or acquired a location on the margin of a body of water, and has reason to believe that the petroleum bearing strata extend under water, he may extend his staking between the production of two opposite sides of the marginal location by means of witness posts placed in the manner prescribed in these regulations, to include not more than one additional adjoining submerged location; (see Appendix B);

(*j*) the location shall be staked along its greatest dimension, and the bearing of the location line shall be given in degrees and minutes;

(*k*) where a desired location is situated on an island containing, during periods of high water, not more than the minimum area of one thousand two hundred and eighty acres prescribed by section twenty-six of these regulations, its least dimension may be in any direction regardless of the general direction of the shore line; (see Appendix B);

(*l*) in case the tract applied for is located on the margin of a lake or river, its least dimension shall be in the general direction of the water frontage;

(*m*) the locator shall post a written or printed notice on a conspicuous part of the location applied for, stating that within thirty days from the date of staking he is applying for a lease of the petroleum and natural gas rights under the said location;

(*n*) priority of application shall be based upon the date and time of the staking of the location applied for.

Removing posts

29. No one, other than a Dominion Land Surveyor authorized by the Surveyor General of Canada to survey the location, can lawfully move the posts on a location for which an application for a lease has been recorded. The Surveyor General will direct the moving of posts on the line of location where the area staked exceeds in extent the area specified in the application or does not conform to the provisions of Section 28 (3) of these regulations.

Boundaries

30. The boundaries beneath the surface of a location shall be the vertical planes in which its surface boundaries lie.

Survey before lease issued

31. The application for a lease shall be recorded and the terms of the lease become effective from date of record, but the registration shall not be confirmed nor the lease issued until a survey of the location has been made at the expense of the applicant by a Dominion Land Surveyor upon the instructions of the Surveyor General of Canada and the returns of survey have been approved by the Surveyor General and registered by the Director. The survey must be made within one year from the date of application unless satisfactory reasons are furnished justifying the granting of an extension of time.

Rental first year

32. (1) The rental for the first year of the location applied for at the rate of fifty cents an acre shall be payable in advance and no application for a lease of petroleum and natural gas rights shall be accepted or recorded until the full amount of the rent for the first year at the above rate shall have been paid in cash or by established credit.

(2) The lease, when issued, shall be in such form as may be determined by the Minister and shall bear date from the day upon which the application is recorded.

Rental for subsequent years and penalty for failure to pay in advance

(3) If, during the term of the lease, the lessee shall fail to pay rental in advance for each subsequent year at the rate of one dollar an acre per annum within thirty days after the date upon which the same became due, the lease shall be subject to cancellation in the discretion of the Minister and to the immediate forfeiture of the rights which the lessee had in the said lease.

Installation of machinery and equipment

33. (1) The lessee shall, within one year from the date of the lease, have upon the lands described therein such machinery and equipment suitable for carrying on drilling operations as the Minister may consider necessary, and he shall within the same period furnish evidence, supported by affidavit, showing the character, quantity, and value of the machinery so installed, the date of its installation, and the particular parcels of land upon which it was installed.

(2) If the required machinery is not installed within the period specified, and if evidence of its installation is not furnished within the prescribed period, the lease shall be subject to cancellation in the discretion of the Minister upon two months' notice to this effect being given to the lessee.

Drilling operations to commence and continue

34. (1) The lessee shall commence drilling operations on his location within fifteen months of the date of his lease and he shall continue such drilling operations with reasonable diligence, to the satisfaction of the Minister, with a view to the discovery of petroleum or natural gas.

(2) If the lessee does not commence drilling operations within the time prescribed, or if having commenced such operations he does not prosecute the same with reasonable diligence to the satisfaction of the Minister, or if he ceases to carry on the same for a period of more than six months, the lease

shall be subject to cancellation in the discretion of the Minister, upon three months' notice to this effect being given to the lessee.

Consolidation or grouping

35. A lessee who has acquired more than one petroleum and natural gas lease may consolidate his operations and expenditure and install machinery and equipment on one or more of the locations described in the leases affected.

Maximum area of group

36. The maximum area of the locations which may be included in one consolidation or group shall not exceed thirty thousand seven hundred and twenty acres, nor shall the locations so included be separated one from the other by a greater distance than two miles.

37. Upon receipt of evidence that the lessee in respect of a location or group of locations consolidated under these regulations has incurred expenditures on or in connection with sub-surface geological or geophysical examinations or drilling operations or other necessary operations in connection with the completion of a well, such expenditures, exclusive of the purchase price of machinery and casing recovered but including an allowance for depreciation, shall be placed to the credit of the lessee and the credit so granted may be applied in satisfaction of the prescribed rental of the lease or leases comprising the location or group of locations in connection with which the expenditure was incurred; provided, however, that no portion of any such credit shall be applied in satisfaction of the rental of the leases comprising the location or group of locations in connection with which it was established after commercial exploitation of the geological unit on which the location or group is situated has commenced.

38. In the event of the lessee obtaining production of petroleum in commercial quantity on a location or authorized group of locations, he may be required by the Minister to drill such further well or wells thereon as the Minister, having regard to the proper conservation of said petroleum and its marketing in accordance with good operating and business practice, may in his discretion determine, and subject to the aforementioned considerations the lessee may be required to produce therefrom so long as the location or authorized group of locations shall continue to yield petroleum in commercial quantity.

Right of entry on location of departmental officer

39. It shall be lawful for the Minister, or anyone authorized by him, at all times, to enter upon the demised premises and have access to all wells, records, plant, and equipment, and the lessee, his representative or operator, shall render the officer such assistance as may be necessary or essential, and such officer shall have the right to take samples, particulars, or carry out any tests or examinations desired.

Permission to enter on leased lands

40. In case the surface rights of a petroleum and natural gas location are covered by a timber licence, grazing or coal mining lease, mining claim or other form of terminable grant, the lease shall not authorize entry thereon without the permission of the Minister being first had and obtained, and permission shall be given subject to such conditions for the protection of the rights of such lessee or licensee as it may be considered necessary to impose.

Arbitration for entry on patented lands

41. (1) In case the surface rights of a petroleum and natural gas location have been patented, or have been disposed of by the Crown under any Act or regulation which contemplates the earning of patent for such surface rights, and the lessee of the petroleum and natural gas rights cannot make an arrangement with the owner of such surface rights or with his agent, or the occupant thereof, for entry upon the location or for the acquisition of such interest in the surface rights as may be necessary for the efficient and economical operation of the rights acquired under his lease, he may, provided the mineral rights in the land affected with access thereto and the right to use and occupy such portion of the land as may be necessary for the effectual working of the minerals therein have been reserved to the Crown in the original grant of the surface rights, apply to the Minister for permission to submit the matter in dispute to arbitration.

(2) Upon receiving such permission in writing, it shall be lawful for the lessee to give notice to the owner, or his agent, or the occupant, to appoint an arbitrator within a period of sixty days from the date of such notice, to act with another arbitrator named by the lessee, in order to determine what portion of the surface rights the lessee may reasonably acquire:—

(*a*) for the efficient and economical operation of the rights and privileges granted him under his lease;

(*b*) the exact position thereof; and

(*c*) the amount of compensation to which the owner or occupant shall be entitled.

Notice of arbitration

42. (1) The notice mentioned in the preceding section shall be according to a form to be obtained upon application to the Mining Recorder for the district in which the land in question is situate, and shall, when practicable, be personally served on the owner of such land, or his agent, if known, or the occupant thereof, and after reasonable efforts have been made to effect personal service without success, then such notice shall be served by leaving it at or sending it by registered mail to the last known place of abode or address of the owner, agent or occupant, and by posting a copy of the same in the office of the Mining Recorder for the district in which the land in question is situate for a period of thirty days before the expiration of the time limited in such notice.

(2) If the owner, or his agent, or the occupant of the land refuses or declines to appoint an arbitrator, or when for any reason, no arbitrator is so appointed in the time limited therefor in the notice, the Mining Recorder for the district in which the land in question is situate shall forthwith on being satisfied by affidavit that such notice has come to the knowledge of such owner, agent or occupant, or that such owner, agent or occupant, wilfully evades the service of such notice, or cannot be found, and that reasonable efforts have been made to effect such service, and that the notice was left at the last place of abode or known address of such owner, agent or occupant, as above provided, appoint an arbitrator on his behalf.

Appointment of third arbitrator

43. In case the two arbitrators cannot agree upon the award to be made, they may, within a period of ten days from the date of the appointment of the second arbitrator, select a third arbitrator, and when such two arbitrators cannot agree upon a third arbitrator, the Mining Recorder for the district in which the land in question is situate shall forthwith select such third arbitrator.

Arbitrators to be duly sworn

44. All the arbitrators appointed under the authority of these regulations shall be sworn before a justice of the peace to the impartial discharge of the duties assigned to them, and after due consideration of the rights of the owner and the needs of the lessee they shall decide as to the particular portion of the surface rights which the latter may reasonably acquire for the efficient and economical operation of the rights and privileges granted him under his lease, the area thereof, and the amount of compensation therefor to which the owner or occupant shall be entitled.

Value; how determined

45. In making such valuation the arbitrators shall determine the value of the land irrespective of any enhancement thereof from the existence of minerals thereunder.

Award

46. (1) The award of any two such arbitrators made in writing shall be final, and shall be filed with the Mining Recorder for the district in which the land is situate, within twenty days from the date of the appointment of the last arbitrator.

(2) Upon the order of the Minister the award of the arbitrators shall immediately be carried into effect.

Compensation

47. The arbitrators shall be entitled to be paid a per diem allowance of ten dollars, together with their necessary travelling and living expenses, while engaged in the arbitration, and the cost of such arbitration shall be in the discretion of the arbitrators.

Relinquishment of whole or portion of location

48. The lessee may be permitted to relinquish at any time the whole or any portion of the location described in his lease, provided he has complied in every respect with the provisions of the regulations, and that all payments on account of rental or other liability to the Crown, due in connection with the lease, have been fully made, and provided the portion of the location which may be retained shall be of the prescribed shape, and shall not be of a less area than one thousand two hundred and eighty acres.

What lease conveys

49. (1) The lease shall in all cases include only the petroleum and natural gas, the property of the Crown, in the lands leased, but shall not include the oil shale rights to the land or to the oil which may be recovered from such shales by the process of extraction customary in such cases, and shall not include helium which shall remain the property of the Crown.

Surface lease

(2) The lessee may, upon application, be granted a yearly lease at a rental of one dollar an acre per annum, payable yearly in advance, of whatever area of the available surface rights of the tract described in his petroleum and natural gas lease the Minister may consider necessary for the efficient and economical working of the rights granted him.

Assignment

50. The lessee shall not assign, transfer, or sublet the rights described in his lease, or any part thereof, without the consent in writing of the Minister being first had and obtained.

Company registered or licensed in Canada

51. Any company acquiring by assignment, or otherwise, a lease under the provisions of these regulations, shall be a company registered or licensed in Canada.

Crown may assume control

52. (1) The Minister may at any time, by order in writing, cancel any lease or permit issued under these regulations and take, for the use of His Majesty, all or any part of the buildings, works, machinery, and plant upon the location in respect of which the lease or permit was issued, which property shall thereupon become and remain vested in His Majesty.

(2) When any such property is required for a limited time only or only a limited estate or interest therein is required, the Minister may in such order indicate that such property is taken for such limited time only or that only such limited estate or interest therein is taken and thereupon the right of possession for such limited time or such limited estate or interest shall become and be vested in His Majesty.

(3) The holder of the lease or permit shall be entitled to be paid compensation for any loss or damage sustained by him by reason of the exercise of the powers conferred on the Minister by this section and if such compensation has not been agreed upon the claim shall be referred by the Minister to the Exchequer Court of Canada.

(4) The amount of the compensation shall be determined by the Exchequer Court as in the case of land or property acquired or taken under the Expropriation Act.

(5) Upon the making of any such order the Minister may assume immediate possession and control of the location together with such property thereon as may have been taken and may cause the same to be operated, and the produce thereof shall be disposed of as the Governor in Council may direct.

Annual return

53. (1) At the end of each year or the term of the lease the lessee shall furnish to the Director a statement, supported by affidavit, showing the number of days during the year that operations were carried on upon the location; the number of men so employed; the character of the work done; the number of holes completed or being drilled and the depth of each; the total expenditure incurred; a detailed statement setting out fully the purpose for which such expenditure was incurred; the quantity of petroleum or natural gas obtained, and the amount realized from the sale thereof.

(2) Failure to furnish such yearly return after sixty days from the end of the year will render the lessee subject to a fine of ten dollars a day for each day's delay in furnishing the sworn statement, and after three months' delay the lease shall be subject to cancellation upon three months' notice in writing to this effect being given to the lessee.

Rights formerly comprised in cancelled lease

54. When a petroleum and natural gas lease issued under the provisions of these regulations is cancelled in the records of the Department, the rights described in such lease shall not become available for application under the regulations until notice has been duly posted for a period of thirty days in the office of the Mining Recorder for the district in which the land is situate.

Royalty

55. (1) The products obtained from any location acquired under these regulations, not including natural gas and natural gasoline, shall be subject to the payment to the Crown of the royalty hereinafter mentioned. For the first five years from the date that commercial exploitation of the geological unit on which the location is situate has commenced, the rate shall be seven and one-half per centum of the products produced and saved from such unit; for the second five years the rate shall be ten per centum; and thereafter the rate shall be twelve and one-half per centum; subject to the provision that where it is satisfactorily proven that the cost of producing the products from the area covered by any lease or group of leases, including the amount paid in royalties, is such that the commercial exploitation thereof does not permit a reasonable profit on the capital invested therein, the Governor in Council may reduce the rate of royalty and likewise may increase it to the original level when reasons for making the reduction no longer exist. The Minister shall have the right to take currently the aforesaid royalty either in kind or in cash, payable monthly on the twenty-fifth day of the month next following the calendar month of production, equivalent to the value of the Crown's royalty proportion of the said products, at the prevailing prices at the well-head; provided that at the election of the Minister, the aforesaid royalty shall be payable partly in kind and partly in cash.

(2) Natural gas and natural gasoline, whether recovered on the location or elsewhere, and not used by the lessee in the course of the working of his operations, shall be subject to the payment of such royalty as may be fixed by the Governor in Council.

(3) Where the Minister so declares, subsection one of this section shall apply to any well which is producing petroleum for local consumption notwithstanding that commercial exploitation has not commenced.

(4) Any products of a location or group of locations used by a lessee in the course of the working of his operations thereon shall not be subject to the payment of royalty.

56. Royalty paid by a lessee as provided in section fifty-five shall be credited on account of the rental each year in excess of fifty cents an acre on a location or group of locations situated on a geological unit standing recorded in the name of such lessee.

Notice of intention to begin drilling operations

57. (1) Before beginning drilling operations the lessee shall notify the Supervisory Engineer in writing of his intention to begin such operations and shall state:

(*a*) the particular point on the location at which operations are to be conducted;

(*b*) the number or other designation by which the well shall be known, which number or designation shall not be changed without the consent of the Supervisory Engineer;

(*c*) the size and weight of casing to be used;

(*d*) the kind of drilling rig to be employed; and

(*e*) the name and post office address of the person in charge of such operations.

(2) The lessee shall not begin drilling operations until he has received in writing the approval of the Supervisory Engineer of the proposals submitted under this section; provided that in any particular case such approval may first be given orally.

(3) No change in the program outlined in the Notice of Intention shall be made without submitting notice of the change of plans to the Supervisory Engineer and receiving approval of such change; provided, always, that in cases of emergency in which an immediate departure from or variation in the program is necessary, such departure or variation shall be made to the extent that such is necessary, and in any such case the lessee shall immediately advise the Supervisory Engineer in writing.

Where wells may be drilled

58. No well for the discovery of petroleum or natural gas other than a directional well shall be drilled within three hundred and thirty feet of any of the outer boundaries of the location or locations in a group nor within three hundred and thirty feet of any road allowance, surveyed road, or other right of way, dwelling, school or church, except in accordance with regulations prescribed by the Minister.

Limitation of number of wells and defining distance apart

59. The Minister may in his discretion, having due regard to good operating practice, limit the number and define the distance apart of wells on any geological unit.

Marking of equipment

60. The lessee shall mark all his rigs, wells, and tanks with conspicuous numbering and designations and shall maintain such markings unchanged.

Daily reports

61. (1) The lessee shall maintain on forms approved by the Director a daily report of drilling operations and such report shall be made in duplicate, one copy being at all times retained at the well and open to inspection by the Supervisory Engineer.

(2) The original report shall be countersigned by the lessee or his agent and forwarded to the Supervisory Engineer at the end of each and every week during the course of operations.

Samples

62. (1) The lessee shall cause to be preserved and maintained a series of samples of the formations penetrated by the drill in each drilling operation, such samples to be taken from successive depths of ten feet or at such intervals as may be directed by the Supervisory Engineer and such samples shall be washed, dried, accurately labelled, and forwarded in accordance with instructions issued by the Director.

Cores

(2) The lessee shall keep and preserve representative specimens of all cores recovered in properly constructed and marked core boxes and such cores shall be available for inspection and examination by the Supervisory Engineer.

63. The lessee shall, when a well being drilled is approaching a formation from which production of petroleum or natural gas may be expected, if required to do so by the Supervisory Engineer, core and adequately test such formation.

Notification of discovery

64. When during operations on a location acquired under these regulations petroleum or natural gas or both be discovered, the lessee shall immediately notify the Supervisory Engineer of the same by the most reasonably expeditious method.

Control of petroleum and natural gas

65. (1) The lessee shall make adequate provision to the satisfaction of the Supervisory Engineer for

the control and conservation of petroleum and natural gas at every well and he shall maintain the equipment provided for such purpose in proper condition.

(2) If at any time in the opinion of the Supervisory Engineer such equipment is inadequate, he may prescribe remedial measures which shall be instituted and completed before any further drilling or production is undertaken.

66. Whenever a stratum penetrated in a well is capable of producing natural gas in commercial quantity or is known to be likely to yield it in such quantity, the lessee shall confine such natural gas to its original stratum until such time when such gas can be produced and utilized without waste.

Sampling water

67. When during drilling or producing operations water makes its appearance in a well or any indication appears that may reasonably be taken as evidence of change in the source or other condition of water already notified as having appeared in the well, the lessee shall immediately notify the Supervisory Engineer and, if the drilling system permits, shall take a sample of not less than one gallon of such water to be placed at the disposal of the Supervisory Engineer for analysis and shall afford him such facilities as may be necessary for sampling the water in or at the well.

Control of water

68. The lessee of a location upon which a well has been or is being drilled shall use every means and endeavour in accordance with the most approved practice to shut-off water above or below the petroleum or natural gas-bearing stratum or strata, to test the efficacy of such shut-off and to prevent water from entering such petroleum or natural gas-bearing strata.

Closing a well

69. (1) The lessee shall at all times take reasonable measures to the satisfaction of the Supervisory Engineer to prevent the injurious access of water to the petroleum-bearing formation.

(2) Upon a well proving to be unproductive, or ceasing to yield petroleum in commercial quantity, or being abandoned for any cause, the lessee shall be at liberty to withdraw the casing from the said well, but in order to prevent water gaining access to the petroleum-bearing formation, the lessee shall immediately close the well by filling it with cement, clay or other approved material which may have the effect of preventing water from gaining access thereto.

Test of water shut-off

70. (1) When a test of the water shut-off is intended to be made by the operator in any well, the lessee shall notify the Supervisory Engineer of the time that such test is to be made.

(2) The Supervisory Engineer shall be present at such test unless such representation is waived by the Director.

(3) Should the test of water shut-off prove to be unsatisfactory, the Supervisory Engineer may direct that further tests be made and may direct that such remedial measures be instituted as may be deemed necessary effectually to exclude water from the well, and any additional tests required or remedial measures shall be made or instituted without unreasonable delay.

Notice of test

71. (1) When it appears to the Supervisory Engineer that water is entering any petroleum or natural gas-bearing stratum penetrated by a well drilled on a location acquired under these regulations or that water in such well is likely to become injurious to the economic production of petroleum and natural gas from the geological unit upon which such well is drilled, he may order a test of water shut-off and designate a day upon which the same shall be made.

(2) Such order shall be in writing and shall be served upon the lessee or his agent at least fifteen days prior to the day designated in the said order upon which the test of the said shut-off shall be made.

(3) Upon receipt of such order the lessee or his agent shall make the said tests in the manner and at the time specified.

Access of salt water

72. The lessee shall take all reasonable care and carry out such measures as may be satisfactory to the Supervisory Engineer to prevent the access of salt water to any river or stream.

Deviation of well from vertical

73. The lessee, when directed by the Supervisory Engineer, shall make, or cause to be made, tests at intervals not exceeding five hundred feet from the top to the bottom of the well or such lesser intervals as the Supervisory Engineer may require for the purpose of ascertaining to what extent, if any, the well deviates from the vertical and shall submit a report of the same with the daily drilling reports at the end of each week.

Electrolog

74. (1) The Supervisory Engineer may require the lessee to take or cause to be taken an electrolog of any well.

(2) The lessee shall see that the electrical resistivity, weight, and viscosity of the mud are recorded on the electrolog.

(3) A copy of all electrologs, whether taken at the direction of the Supervisory Engineer or not, shall be supplied to the Director.

Notice to be given of shooting of well

75. (1) The lessee shall not allow a well to be shot, perforated, or re-treated with acid until the Supervisory Engineer has been notified in writing of such intended action and his consent obtained.

(2) The lessee shall submit to the Supervisory Engineer a report on every well shot, perforated, or treated with acid, on a form obtainable from the Department.

(3) In case any injury is done to the well by shooting, perforation, or treatment with acid, it shall be repaired immediately to the satisfaction of the Supervisory Engineer.

Completion of well

76. When completing the drilling of any well, the lessee shall adopt such methods and use such equipment as the Supervisory Engineer may from time to time prescribe or approve.

Taking of tests by Supervisory Engineer

77. (1) The surface and subsurface equipment of every petroleum and natural gas well shall be so arranged as to allow the Supervisory Engineer to take the closed-in pressure, the bottom-hole pressure, the working pressure, or make any test required at any time, and the lessee shall assist him at any time to carry out tests so required.

Subsurface equipment and surface equipment

(2) The subsurface equipment shall include a pin-collar or its equivalent appended to the lower end of the production string or tubing as a safeguard against loss of testing equipment.

(3) The surface equipment shall include such valve connections as are necessary to sample the oil, gas or water produced.

(4) For sampling the gas there shall be a half-inch sampling valve.

Suspension of operation

78. The lessee shall notify the Supervisory Engineer in writing immediately drilling or production operations are suspended at any well and before suspension he shall so arrange the well head that no waste of gas or petroleum can occur and that no opportunity be afforded for the access of water to or between the casings of the well.

Resumption of operations

79. The lessee shall not deepen nor undertake the repair or the making of other permanent change to the condition of a well in which drilling has been suspended for a period of more than six months, or which has been in production, without previously notifying the Supervisory Engineer in writing to that effect.

Abandonment of well

80. Before abandoning a well drilled on a location acquired under these regulations and before removing any part of the casing from such well, the lessee shall notify the Supervisory Engineer in writing of his intention so to do on forms obtainable from the Director, and shall furnish a log of the well if he has not already done so and shall obtain written approval of such abandonment and removal of casing from the Supervisory Engineer; provided that in any particular case such approval may first be given orally.

Logs to be kept

81. (1) The lessee shall keep and maintain to the satisfaction of the Supervisory Engineer a careful and accurate log of each and every well drilled, such log to show the character, depth, and thickness of each formation passed through or penetrated, and particularly to show the depth, thickness, and, where tests are made, the porosity, permeability, and saturation of each stratum containing petroleum, natural gas, or water, the pressure, yield, and chemical characteristics of each significant occurrence of petroleum, natural gas, and water, together with full details of electrologs, deviation from the vertical, casing, cementation, treatments with acid, perforations, plugs, and all other information pertinent to the condition of the well and its productive capacity.

(2) Such log shall be kept in the field office of the lessee and shall be at all times open to the inspection of the Supervisory Engineer.

(3) Upon the completion of any well or upon the suspension of operations upon any well for a period of ninety days, a copy of the said log, in duplicate, and in such form as the Supervisory Engineer shall direct, shall be filed within thirty days after such completion, or after the expiration of the ninety-day period, with the Director, and a like copy shall be filed upon the completion of any additional work in the deepening or repairing of any such well.

Plans to be furnished annually

82. The lessee shall furnish the Director at least once each twelve-month period a plan in duplicate showing the position of all wells, test holes, pipelines, tanks, buildings, or other structures on the location and such plan shall be prepared on a scale of not less than one thousand three hundred and twenty feet to the inch.

Monthly report of petroleum and natural gas produced

83. In the event of petroleum and natural gas being produced from any well or wells, the lessee shall mail to the Director not later than the twenty-fifth day of each month, a full report of the petroleum and natural gas produced during the preceding month and of its disposal, such report to show:

(*a*) the quantity of petroleum and natural gas produced from each well during the preceding month;

(*b*) the specific gravity of such petroleum;

(*c*) the number of days during which petroleum or natural gas was produced from each well;

(*d*) the amount of petroleum or natural gas delivered from and used on the location; and

(*e*) the amount of petroleum in storage on the location at the end of the month.

Restriction of flow of natural gas

84. The production of natural gas from any well shall be restricted to the market demand and in no event shall the production exceed twenty-five per centum of the open flow of the well, provided that the Minister may, in his discretion, allow such additional volume to be used as he deems expedient.

Waste of petroleum and natural gas

85. (1) The lessee shall take all reasonable and proper precautions to the satisfaction of the Minister to prevent waste of petroleum and natural gas and his operations shall at all times be so conducted as to enable him to prevent the escape of petroleum and natural gas.

(2) Waste shall be deemed to occur inter alia when in the opinion of the Minister

(*a*) petroleum or natural gas is rendered unavailable for use in accordance with the best and most economic operating practice by reason of the employment of extravagant or inefficient means of production, storage or transport;

(*b*) the ultimate recovery of the petroleum or natural gas from any geological unit is curtailed or otherwise prejudiced by reason of the failure of the lessee or lessees to comply with these regulations and such additional regulations as the Minister may from time to time make in accordance with section ninety-five;

(*c*) petroleum or natural gas or both are produced in excess of the allowable production as may be defined by the Minister in accordance with section eighty-seven;

(*d*) natural gas is produced from any well classified by the Minister as a producer of petroleum in excess of the amount needed to produce such petroleum in accordance with good operating practice or of the amount the Minister may designate;

(*e*) the amount of water produced from any well or wells unduly lowers the pressure in the productive horizon or horizons or otherwise disturbs the uniform withdrawal from the geological unit, or

(*f*) the excess of water produced over an amount that may be determined by the Minister is not returned as directed to the productive horizon.

Delimitation of geological unit

86. (1) The Minister may in his discretion delimit an area upon which petroleum or natural gas has been proved to occur as a geological unit and may require that drilling and production on all locations comprised therein shall proceed according to a common plan having for its purpose the more efficient and economic production of petroleum and natural gas.

(2) If the lessees fail to agree within six months of such delimitation upon a plan satisfactory to the Minister, he may appoint an officer of the Department to draw up a plan and all lessees shall operate the wells upon their locations as such officer directs for such period as the Minister may decide.

87. The Minister may prescribe regulations for the determination of the allowable production of any well or wells and regulate the taking of petroleum or natural gas from any source of supply so as to prevent waste and to ensure conservation of these natural resources in accordance with the best practice.

Minister may assume control of well

88. (1) The Minister may assume control of the operation of a well and adopt such means as may appear to him to be necessary or expedient to prevent the escape of petroleum or natural gas if the lessee or his agent fail to do so or appear unable to do so.

(2) The Minister may assume control of the operation of a well and adopt such means as may appear to him to be necessary or expedient to prevent the access of water to the well, the access of water to petroleum or natural gas-bearing strata or both, or the escape of water from the well if the lessee or his agent fail to do so or appear unable to do so.

(3) Such officer or officers of the Department as the Minister may designate may enter upon the premises of any location acquired under these regulations and perform the work defined under subsections one and two of this section and for that purpose may take possession of and use any drilling rig, derrick, tools, machinery, other appliances or equipment, fuel, water, and other materials, necessary for the performance of the work which may be upon the location or which may be the property of the lessee.

(4) The Minister may recover from the lessee of the location upon which he takes control of a well for the reasons outlined in subsections one and two of this section all costs and expenses incurred by the said officer or officers in the performance of the operations so undertaken.

Safety precautions to be taken

89. (1) No inflammable product or waste product of any kind from any petroleum or natural gas well shall be permitted to flow into any lake, stream, or other body of water, or upon any highway or public road, and all waste of petroleum and refuse from tanks or wells must be drained into adequate receptacles at a safe distance from tanks, wells, or buildings to be immediately burned or transported from the premises, and in no case shall it be permitted to flow over the land.

(2) The lessee shall cause to be cleared of combustible material such area around any well or other works constructed or operated by him as may be required by the Supervisory Engineer and where necessary and practicable the lessee shall construct and maintain a ploughed fire-guard around such area.

Disposal of earth, rock or waste

90. The lessee shall at all times during the term of his lease make such provisions to the satisfaction of the Supervisory Engineer for the disposal of the earth, rock, waste or refuse of the location that the same shall not be an inconvenience, nuisance, or obstruction to any roadway, pass, passage, river, creek or place or to any private, public or Crown lands, or conflict or embarrass the operating of any mines on the said lands, or in any manner whatsoever occasion any private or public damage, nuisance, or inconvenience.

Enclosure of openings or excavations

91. The lessee shall enclose and keep enclosed all abandoned openings or excavations made in connection with or for the purpose of prospecting for and producing petroleum and natural gas or other operations on the location with fences or walls sufficient to prevent any person or animal falling thereinto, such fences or walls to be of a height and character satisfactory to the Supervisory Engineer.

Charges for products for use in N.W.T. and Yukon

92. (1) The lessee shall from time to time on the instruction of the Minister submit a schedule of rates and prices which the lessee is charging for petroleum products obtained from the location for use in the Northwest Territories or Yukon Territory for approval or adjustment in so far as said rates and prices are not fair and reasonable, and shall thereafter before putting into effect any new schedule of rates and prices submit the same for approval or adjustment and no such rates or prices shall thereafter be legal or enforceable until so submitted and approved.

(2) The Minister may require the submission or resubmission at any time of existing schedules of rates and prices for adjustment and approval.

Cancellation of lease for failure to comply with regulations

93. In case of the failure or neglect on the part of the lessee to comply fully with these regulations, the Minister may give written notice to the lessee specifying the breaches complained of, and unless the default specified in the said notice be remedied within ninety days the lease shall be subject to cancellation.

Lessee and Permittee

94. Where the term lessee is used in these regulations in relation to operations conducted thereunder, it shall include permittee.

Additional regulations

95. The Minister may from time to time make such additional regulations as may appear to be necessary or expedient governing the manner in which drilling operations shall be conducted and the manner in which wells shall be operated, also such orders as he may deem necessary for the interpretation and effective administration of these regulations.

Pipelines

96. Where no adequate existing facilities are available a lessee shall have the right to build, maintain, and operate a pipeline and connecting feeder lines and for the purposes thereof shall be entitled to free right of way over Crown lands and the use of public roads. The pipeline shall be operated as a common carrier under such regulations as the Governor in Council may impose.

2. In these Regulations "Minister" means the Minister of Mines and Resources.

3. The Agent of Dominion Lands for the district in which the rights applied for are situated may, upon application by any person, grant yearly permits to remove sand, stone and gravel, the property of the Crown, from the beds of rivers and lakes in the Northwest Territories.

4. All permits shall expire on the 30th day of November in each year.

5. Not more than one permit shall be issued to any person in one year, unless the rights already granted such person have been fully exhausted.

6. 8. The permittee shall cause no material damage or unnecessary disturbance to the bed or banks of the stream or lake affected by his permit, nor shall he interfere with the right of the public to use the river or lake for navigation or other purposes, or to interfere with the free navigation of the said river or lake by forming bars or banks in the channel or bed thereof.

9. The removal of the sand, stone or gravel authorized by the permit shall be under the direct supervision of an officer to be named by the Minister and to his entire satisfaction.

10. The permit shall be subject to immediate cancellation at any time without compensation to the permittee, for a breach of any of the above conditions, or in case it should be shown to the satisfaction of the Minister that the removal of the sand, stone or gravel covered by the permit is likely to cause damage or obstruction, or to otherwise prejudicially affect the interests of the Crown or others.

11. The permittee shall keep the Crown indemnified against all actions, claims and demands that may be lawfully brought by reason of anything done by the permittee in the exercise or purported exercise of the rights and liberties granted under the permit.

12. A fee of one dollar ($1.00) shall be charged for each permit, together with dues at the rate of one cent (1c) per cubic yard for the quantity of material in excess of one thousand (1,000) cubic yards included in any one permit.

(2) All overdue fees, after sixty days from the date upon which the Association has posted in the ordinary course of mail a notice in writing addressed to the person from whom the fee is claimed, specifying the amount of the fee claimed, shall be subject to an extra payment of ten per cent and to such other remedies as the Association may be entitled.

Minimum Annual Fee in all cases, $5.

A "performer hour" is defined as one hour of any musical performance by one performer (musician, orchestra leader or vocalist).

Annual Fees are determined as follows:

(*a*) *The Maximum Use Basis of Charge:*

A licence on this basis entitles the Licensee to perform to any extent within the maximum use as applied for. The rate is 1½ cents for each "performer hour" calculated on the maximum number of "performer hours". The maximum number of "performer hours" is arrived at by multiplying together the following four factors:—

(1) The greatest number of performers (including musicians, orchestra leader and vocalists) that may be employed at any time during the licence year.

(2) The greatest number of hours of all or any musical performance during which is desired a licence to perform in any day wholly or in part from the Association's repertoire.

(3) The greatest number of days per week during which a licence is desired.

(4) The number of weeks occurring between the opening and closing dates of the period of time within which musical performances may take place. Any period less than thirteen weeks is charged as thirteen weeks.

(*b*) *The Actual Use Basis of Charge:*

On this basis the rate is 3 cents per "performer hour" on the actual number of "performer hours" reckoned on a day by day basis during the licence year. At the commencement of the year, the number of "performer hours" for the year shall be estimated by the applicant and an advance payment shall be made for the amount of the fee chargeable thereon. The Licensee shall report, at the end of the licence year or of each operating season within the licence year, the actual number of "performer hours" during such period, giving dates and times of all musical performances and the number of performers engaged thereat. At such times the Licensee shall make payment of any balance due.

(2) At the end of each quarter an additional payment is required in an amount determined by multiplying the number of rooms in the hotel by the units of performance, by the number of months within which music is at times performed, by the rate (1c. or less).

The rate is determined as follows:—

If the hotel's average daily occupancy in the months within which music is at times performed is 80 per cent or over, the rate is 1c. If occupancy falls below 80 per cent, the rate is 1c. less a deduction of 2 per cent thereof for each 1 per cent that occupancy falls below 80 per cent.

SÉNAT

Avis de bills privés

107. Toute demande adressée au Parlement pour obtenir un bill privé doit être annoncée par avis publié dans la *Gazette du Canada;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et désigner l'adresse des signataires; et si la demande a pour objet l'obtention d'une loi en constitution de corporation, l'avis doit aussi mentionner le nom de la compagnie dont la constitution est projetée.

Outre l'avis dans la *Gazette du Canada,* comme susdit, pareil avis doit être donné de la façon suivante:

(A) Lorsque la demande a pour objet l'obtention d'une loi constituant en corporation:

1. *Une compagnie de chemin de fer ou de canal*—dans un des principaux journaux de la principale cité, ville ou village de chaque comté ou district par où doit passer le chemin de fer ou le canal dont la constitution est projetée;

2. *Une compagnie de télégraphe ou de téléphone*—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire dans lequel la compagnie se propose d'exercer des opérations;

3. Une compagnie ayant pour objet *l'exécution d'entreprises* dont l'exécution ou l'exploitation pourrait spécialement affecter une localité particulière, ou cherchant à obtenir des *droits ou privilèges exclusifs,* ou voulant accomplir toute affaire ou chose dont l'accomplissement affecterait les droits ou propriétés d'autrui—dans un des principaux journaux de l'endroit ou des endroits particuliers que le projet de loi peut affecter;

4. *Une compagnie de banque; compagnie d'assurance; compagnie fiduciaire; compagnie de prêt* ou *compagnie industrielle,* sans pouvoirs exclusifs—dans la *Gazette du Canada* seulement;

5. Et si les entreprises d'une compagnie (constituée ou à constituer) doivent être déclarées d'utilité publique au Canada, cette intention doit être expressément mentionnée dans l'avis, et les requérants doivent adresser une copie de cet avis, sous pli recommandé, au secrétaire de chaque conseil de

comté et de chaque corporation municipale pouvant être particulièrement affectée par l'exécution ou l'exploitation de ces entreprises, ainsi qu'au secrétaire de la province dans laquelle des entreprises sont ou peuvent être situées; et la preuve de l'observation de cette prescription par les requérants doit être établie par une déclaration statutaire.

(B) Lorsque la demande a pour objet de modifier une loi existante:

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient—l'avis doit être le même *mutatis mutandis* que celui pour l'obtention d'une loi constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres entreprises déjà autorisées—dans un des principaux journaux de l'endroit où la compagnie a ou est autorisée à avoir son siège social;

3. Afin d'élargir les pouvoirs d'une compagnie (sans comporter attribution de droits exclusifs); d'accroître ou de réduire le capital social d'une compagnie; ou d'augmenter ou modifier son pouvoir d'émettre des obligations ou ses autres pouvoirs d'emprunt; ou de présenter un amendement pouvant porter atteinte aux droits ou aux intérêts des actionnaires, des détenteurs d'obligations ou des créanciers de la compagnie—dans un des principaux journaux du lieu de son siège social.

(C) Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, doivent être publiés au moins une fois par semaine pendant quatre semaines consécutives; et lorsqu'ils sont publiés dans les provinces de Québec et du Manitoba, ils doivent être en langues anglaise et française.

Des exemplaires marqués de chaque numéro de tous les journaux contenant l'avis doivent être adressés au greffier du Sénat et porter la mention: "Avis de bill privé"; au lieu des journaux, une déclaration statutaire attestant que l'avis a été régulièrement publié peut être adressée au greffier du Sénat.

Tout avis adressé sous pli recommandé doit être mis à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale deux semaines au moins avant l'examen de la pétition par le comité des ordres permanents; et une déclaration statutaire établissant le fait de la mise à la poste doit être transmise au greffier du Sénat.

108. Nulle pétition demandant la constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie de canal, ou le prolongement de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, ne doit être étudiée par le comité des ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé de l'entreprise, ainsi que chaque comté, canton, district ou municipalité par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement dont la construction est projetée.

110. Toute pétition tendant à obtenir un bill privé ne sera reçue par le Sénat que si elle a été déposée chez le greffier du Sénat au cours des six premières semaines de la session; et tout bill privé introduit au Sénat doit être présenté au Sénat dans un délai de deux semaines après que l'examinateur des pétitions ou le comité des ordres permanents aura fait un rapport favorable à la pétition se rapportant à ce bill; et aucune motion demandant la suspension du présent ordre permanent ne sera prise en considération à moins que le comité des ordres permanents n'ait au préalable présenté un rapport recommandant pareille suspension.

114. Toute personne qui désire présenter un bill privé doit remettre au greffier du Sénat, s'il est projeté que le bill prenne naissance au Sénat, une copie du bill en anglais ou en français, avec un montant suffisant pour en payer la traduction, laquelle sera faite par les fonctionnaires du Sénat; elle doit aussi payer les frais d'impression de 600 exemplaires anglais et de 200 exemplaires français. Le requérant doit pareillement verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant sa mise à l'étude par le comité auquel il est renvoyé, la somme de deux cents dollars avec les frais d'impression de la loi pour l'incorporer dans les Statuts; et il doit remettre au greffier de ce comité un reçu de ce versement.

La taxe à acquitter lors de la deuxième lecture d'un bill n'est payée qu'à la Chambre où le bill est présenté.

Modèle d'un bill amendant une loi

60A.—(1) Dans la confection des bills amendant des textes législatifs existants, les amendements ne doivent pas ordinairement être effectués au moyen de clauses qui ajoutent, retranchent ou remplacent des mots, mais au moyen de clauses qui réédictent l'article, le paragraphe ou la disposition, telle qu'amendée.

(2) Dans le texte du bill, sur la page de gauche, le nouveau texte doit être indiqué par les signes typographiques les plus appropriés à chaque cas; crochets, italique, texte souligné, astérisques, etc. En regard de chaque clause, sur la page de droite, le texte amendé par le bill, ou la partie importante de ce texte doit être imprimée, et les changements projetés doivent y être indiqués de la manière prévue ci-dessus.

(3) Lorsqu'une clause abroge un article existant, un paragraphe ou une autre disposition d'un article, cet article, ce paragraphe ou cette autre disposition, ou la partie qui en est importante, doit être imprimé en regard de la clause.

(4) Un mémoire du rédacteur expliquant brièvement les motifs de chaque clause doit être annexé au bill, ou distribué avec le bill. Lorsque possible, le mémoire doit être imprimé sur la page de droite du bill, en paragraphes placés en regard des clauses visées, et portant un numéro correspondant.

(5) Les règles ci-dessus s'appliquent, autant que possible, à la réimpression des bills.

L. C. MOYER,
Greffier du Sénat.

CHAMBRE DES COMMUNES

EXTRAIT DU RÈGLEMENT DE LA CHAMBRE DES COMMUNES TOUCHANT LA PUBLICATION DES AVIS

95. (1) Toute pétition introductive de bill privé de quelque nature qu'il soit, doit être annoncée par avis publié dans la *Gazette du Canada*. Cet avis doit exposer clairement et distinctement la nature

et l'objet du bill projeté; il doit être signé par les pétitionnaires ou en leur nom, avec indication de l'adresse des signataires. Si la pétition tend à une loi de constitution en corporation, l'avis doit mentionner le nom de la compagnie projetée. Si les travaux d'une compagnie, qu'elle soit constituée en corporation ou qu'il s'agisse de la constituer en corporation doivent être reconnus comme étant destinés à profiter au Canada d'une manière générale, l'avis doit énoncer cette intention expressément, et les pétitionnaires doivent faire parvenir une copie de cet avis par lettre recommandée, au secrétaire de chaque comté ou municipalité que la construction ou la mise en œuvre de ces ouvrages peut intéresser, ainsi qu'au secrétaire de la province où ces mêmes ouvrages sont ou pourront être situés. Tout avis ainsi expédié par lettre recommandée doit être mis à la poste assez tôt pour arriver à destination au moins deux semaines avant la prise en considération du bill par le comité auquel il peut être renvoyé. La preuve que les requérants se sont conformés à cette règle s'établit au moyen d'une déclaration statutaire.

(2) Outre l'avis devant figurer dans la *Gazette du Canada*, il doit en être publié un semblable dans quelque journal important, comme suit:

(A) 1. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie de chemin de fer ou de canal, cet avis similaire doit être publié dans la principale cité, ville ou municipalité de village de chaque comté ou district que doit traverser le chemin de fer ou le canal projeté;

2. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie de télégraphe ou de téléphone, cet avis similaire doit être publié dans la principale cité ou ville de chaque province ou territoire où la compagnie en question se propose d'établir son service;

3. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation une compagnie créée en vue de la construction de tous ouvrages dont l'établissement ou la mise en œuvre pourrait intéresser tout particulièrement une localité quelconque, ou en vue de tous droits ou privilèges exclusifs, ou encore en vue de toute opération qui pourrait porter atteinte aux droits ou aux biens d'autrui, cet avis similaire doit être publié dans les diverses localités où la loi projetée pourrait porter atteinte aux affaires, droits ou biens d'autres personnes ou compagnies;

4. Lorsqu'il s'agit de faire voter une loi à l'effet de constituer en corporation un établissement bancaire, une compagnie d'assurance, une compagnie de fiducie, une compagnie de prêts ou une compagnie industrielle non dotée de pouvoirs exclusifs, il suffit d'un avis dans la *Gazette du Canada*.

(B) 1. Lorsque la pétition a pour objet de modifier une loi existante en vue du prolongement de tout chemin de fer ou canal ou de la construction d'un embranchement de voie ferrée ou de canal, il est publié un avis à l'endroit où se trouve le siège social de la compagnie et dans la principale cité, ville ou municipalité de village de chaque comté ou district devant être desservi par ce prolongement ou cet embranchement.

2. Lorsque la pétition a pour objet de modifier une loi existante en vue de prorogation du délai fixé pour la construction ou l'achèvement de toute ligne de chemin de fer, de tout embranchement ou prolongement de ligne de chemin de fer, de tout canal, de tout réseau télégraphique ou téléphonique, ou de tout ouvrage déjà autorisé il est publié un avis à l'endroit où se trouve le siège social de la compagnie et dans la principale cité ou ville de chaque district intéressé.

3. Lorsque la pétition a pour objet de modifier une loi existante en vue de la continuation d'une charte ou de l'extension des pouvoirs d'une compagnie (quand elle ne comporte pas la concession de droits exclusifs); ou en vue de l'augmentation ou de la réduction du capital-actions d'une compagnie quelconque; ou en vue de l'accroissement ou de la modification de sa faculté d'émettre des obligations ou de contracter des emprunts d'un autre genre; ou encore en vue de toute modification touchant aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie, il est publié un avis à l'endroit où est situé le siège social de la compagnie ou à l'endroit où la compagnie est autorisée à établir son siège social.

(C) Lorsque la pétition a pour objet d'obtenir, pour quelque personne ou corporation existante, des droits ou privilèges exclusifs ou encore la faculté d'accomplir une chose dont la mise en œuvre intéresserait les droits ou biens d'autrui, il est publié un avis dans les localités où les affaires, les droits ou les biens d'autrui peuvent être spécialement compromis par la loi projetée.

(3) Tout avis de ce genre, qu'il soit inséré dans la *Gazette du Canada* ou dans un journal, doit être publié au moins une fois par semaine durant une période de quatre semaines consécutives. Lorsque la pétition prend naissance dans la province de Québec ou dans la province du Manitoba, l'avis en doit être publié en anglais dans un journal anglais et en français dans un journal français, ainsi qu'en anglais et en français dans la *Gazette du Canada*. S'il n'y a pas de journal dans la localité où il faut annoncer ladite pétition l'avis doit être publié à l'endroit le plus rapproché où est imprimé un journal. La preuve que l'avis en question a été dûment publié s'établit, dans chaque cas, par voie de déclaration statutaire. Toute déclaration de cette nature doit être envoyée au greffier de la Chambre, et elle doit porter au dos l'indication: "Avis de bill privé".

Pétitions introductives de bills privés

92. Nulle pétition introductive de bill privé n'est reçue par la Chambre si elle n'est pas présentée dans les six premières semaines de la session. Tout bill privé prenant naissance à la Chambre des communes doit y être présenté dans les deux semaines qui suivent le jour où la pétition a été rapportée favorablement par l'examinateur des pétitions ou par le comité du Règlement. Nulle motion portant suspension du présent article ne peut être accueillie à moins que le comité du Règlement n'ait préalablement présenté un rapport recommandant cette suspension, en y consignant les motifs de sa décision

97. Nulle pétition portant constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie se proposant d'exploiter un canal, ou portant prolongement d'une ligne de chemin de fer ou d'un canal existant ou autorisé, ou portant construction d'un embranchement de voie ferrée ou de canal, ne sera prise en considération par l'examinateur, ou par le comité du Règlement, tant qu'il n'aura pas été déposé entre les mains dudit examinateur une carte ou un plan indiquant l'endroit où se trouveront ces ouvrages, et chaque comté, canton, municipalité ou district à travers lequel, le chemin de fer, le canal, le prolongement ou l'embranchement projeté doit être construit.

Bills privés

93. (1) Quiconque désire obtenir un bill privé doit déposer entre les mains du greffier de la Chambre, au plus tard le premier jour de la session, une copie de ce bill en anglais ou en français, ainsi qu'une somme suffisante pour en défrayer la traduction, qui est faite par le personnel de la Chambre, et l'im-

pression, qui est exécutée par le département des impressions publiques.

(2) Le promoteur d'un bill privé doit, après la deuxième lecture de ce bill et avant sa prise en considération par le comité qui en est saisi, défrayer l'impression de la loi dans le recueil des statuts et payer un droit de cinq cents dollars.

FRAIS ADDITIONNELS

(3) En sus des frais précités, les droits suivants doivent être imposés et payés:

a) Lorsqu'il y a suspension d'un article du Règlement relativement à un bill ou à la pétition introductive qui s'y rattache	$ 100
b) Lorsqu'un bill est présenté en Chambre après la huitième semaine et avant l'expiration de la douzième semaine de la session..	100
c) Lorsqu'un bill est présenté en Chambre après la douzième semaine de la session	200
d) Lorsque le capital-actions projeté d'une compagnie ne dépasse pas $250,000.. ..	100
e) Lorsque le capital-actions projeté d'une compagnie dépasse $250,000, mais n'est pas supérieur à $500,000..	200
f) Lorsque le capital-actions projeté d'une compagnie dépasse $500,000, mais n'est pas supérieure à $750,000..	300
g) Lorsque le capital-actions projeté d'une compagnie dépasse $750,000, mais n'est pas supérieur à $1,000,000..	400
h) Lorsque le capital-actions projeté d'une compagnie dépasse $1,000,000, mais n'est pas supérieur à $1,500,000..	600
i) Lorsque le capital-actions projeté d'une compagnie dépasse $1,500,000, mais n'est pas supérieur à $2,000,000..	800
j) Pour chaque million de dollars de capital-actions additionnel ou fraction de million..	200

(4) Lorsqu'un bill porte augmentation du capital-actions d'une compagnie existante, le droit additionnel à débourser est basé sur le tarif précité, et il n'y est fait état que du montant de l'accroissement.

(5) *a*) Lorsqu'un bill tend à l'augmentation de la faculté d'emprunt d'une compagnie ou en comporte l'augmentation sans qu'il y ait accroissement du capital-actions, le droit additionnel est de trois cents dollars.

b) Lorsqu'un bill porte augmentation à la fois du capital-actions et de la faculté d'emprunt d'une compagnie, le droit additionnel est perçu sur les deux.

(6) Si, à quelque phase du bill, il y a augmentation du capital-actions projeté d'une compagnie ou de sa faculté d'emprunt, le bill en question ne peut franchir une autre étape tant que ces promoteurs n'auront pas solder les frais occasionnés par cette modification.

(7) Dans la présente règle, l'expression "capital-actions projeté" comprend toute augmentation de capital-actions prévue par le bill; et quand un bill porte faculté d'augmenter à quelque époque le chiffre du capital-actions, le droit additionnel est calculé sur le maximum de l'augmentation projetée, dont le bill fait mention.

(8) Les droits additionnels établis par la présente règle s'appliquent aussi aux bills privés qui ont pris naissance au Sénat; néanmoins, si la pétition introductive d'un bill privé de ce genre a été présentée à la Chambre des communes dans les six premières semaines de la session, les droits additionnels prévus aux alinéas *b*) ou *c*) du paragraphe 3 ne sont pas exigibles.

Du bill-type

93. (1) Le greffier en chef des bills privés remplit les fonctions d'examinateur des bills privés, et, comme tel, il est tenu d'étudier et de reviser tous les bills privés antérieurement à leur impression, en vue d'y établir une certaine uniformité, lorsque la chose est possible, et de s'assurer qu'ils ont été élaborés conformément aux articles du Règlement de la Chambre relatifs aux bills privés.

(2) Tout bill tendant à la constitution en corporation d'une compagnie doit, lorsqu'il a été adopté une formule de bill-type, être rédigé en conformité de ce modèle, dont il peut être obtenu des exemplaires du greffier de la Chambre. Toute disposition d'un bill de ce genre qui n'est pas conforme au bill-type doit être insérée entre crochets ou soulignée, et elle doit être imprimée de la sorte.

(3) Lorsqu'un bill privé porte modification d'un article, paragraphe ou alinéa quelconque d'une loi existante, ce même article, paragraphe ou alinéa doit être abrogé dans le texte du bill et reconstitué selon la modification que les auteurs du bill veulent y apporter, la nouvelle rédaction devant être soulignée. L'article, le paragraphe ou alinéa que les auteurs veulent faire abroger, ou encore ce qu'il renferme d'essentiel; doit être imprimé sur la feuille du côté droit en regard de ce même article, paragraphe ou alinéa.

(4) Lorsqu'un bill privé tend à abroger un article, paragraphe ou autre partie d'un article, cet article, ce paragraphe ou cette autre partie, ou encore ce qui s'y trouve d'essentiel, doit être imprimé en regard de l'article du bill.

(5) Une note établissant brièvement l'objet d'une disposition d'un caractère exceptionnel ou dont la teneur s'écarte des dispositions du bill-type ou des articles servant de modèle, doit être imprimée en regard de l'article du bill.

CARTE OU PLAN ACCOMPAGNANT LE BILL

98. ARRÊTÉ EN CONSEIL

C.P. 3121

HÔTEL DU GOUVERNEMENT À OTTAWA
Mardi le 23 juillet 1946.

PRÉSENT:

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL

ATTENDU que sous le régime de la *Loi de 1937 garantissant les prêts pour amélioration de maison*, le gouvernement du Canada se portait garant auprès de toutes les institutions prêteuses agréées contre les pertes qu'elles pourraient subir à la suite d'un prêt consenti sous le régime de cette Loi, à la

condition que la responsabilité du gouvernement du Canada ne dépasse pas quinze pour cent (15 p. 100) du montant total des prêts pour amélioration de maison que cette institution prêteuse a faits;

Et attendu que le 30 octobre 1940 fut la date fixée et déterminée par le Ministre des Finances comme étant le jour après lequel le gouvernement fédéral ne garantirait plus de prêt pour amélioration de maison, étant donné que le montant total des prêts (soit $49,959,055.31), jusqu'à cette date inclusivement, se rapprochait de la limite établie dans la Loi (soit $50 millions);

Et attendu que l'article 19 de la Loi sur la Société centrale d'Hypothèques et de Logement stipule que tous droit, pouvoir, devoir, responsabilité ou fonction dévolus au Ministre des Finances ou exercés ou accomplis par celui-ci, sous le régime de la Loi garantissant les prêts pour amélioration de maison, doivent être dévolus à la Société centrale d'Hypothèques et de Logement ou être exercés ou accomplis par celle-ci;

Et attendu qu'en vertu de l'arrêté en conseil C.P. 1513 du 16 avril 1946, passé sous le régime de la *Loi sur des remaniements et transferts de fonctions dans le service public*, les pouvoirs, les devoirs et les fonctions du Ministre des Finances en vertu de la *Loi sur l'Habitation*, y compris la *Loi garantissant les prêts pour amélioration de maison* et la *Loi sur la Société centrale d'Hypothèques et de Logement*, furent transférés au Ministre de la Reconstruction et des approvisionnements;

Et attendu que le montant total payé aux institutions prêteuses dans l'application de la *Loi de 1937 garantissant les prêts pour amélioration de maison* et qui, en ce moment, n'a pas encore été remboursé par les emprunteurs, se chiffre par $381,000 et que Sa Majesté est responsable envers les institutions prêteuses pour un montant éventuel de $98,600 pour lequel aucune réclamation n'a encore été faite; l'on prévoit que les institutions prêteuses réclameront au plus 25 pour cent de ce dernier montant;

Et attendu que sous le régime de la *Loi de 1937 garantissant les prêts pour amélioration de maison*, des règlements furent approuvés par l'arrêté en conseil C.P. 937 du 23 avril 1947, mais que ces règlements n'arrêtent aucune disposition en ce qui concerne les mesures à prendre pour obtenir un remboursement ou pour conférer l'autorité de conclure des ententes avec les emprunteurs et (ou) pour transiger avec les emprunteurs après que leurs dettes auront été assignées à Sa Majesté;

Et attendu que la Société centrale d'Hypothèques et de Logement rapporte qu'elle éprouve des difficultés dans plusieurs cas pour obtenir un règlement, en raison de l'âge, de la situation financière ou de toute autre circonstance qui affectent l'emprunteur et qu'elle rapporte que, à son avis, elle épargnerait le coût et les dépenses, et qu'elle augmenterait les recettes nettes à Sa Majesté, si elle était autorisée à transiger dans les cas appropriés;

Et attendu que le Ministre de la Reconstruction et des approvisionnements opine qu'il est opportun, dans les intérêts de Sa Majesté, d'autoriser la Société centrale d'Hypothèques et de Logement à ce faire;

A ces causes, il plaît à Son Excellence, le Gouverneur général en conseil, sur la recommandation du ministre de la Reconstruction et des approvisionnements, de modifier les règlements émis sous le régime de la *Loi de 1937, garantissant les prêts pour amélioration de maison*, établis par l'arrêté en conseil C.P. 937 du 23 avril 1947, tel qu'ils ont été modifiés et tel qu'ils sont maintenant de nouveau modifiés, en y insérant le paragraphe 3 suivant, à l'article 17:

17. (3) Après que la Société centrale d'Hypothèques et de Logement aura payé à une institution prêteuse toute réclamation présentée en vertu des présentes, tous les droits de ladite institution prêteuse se rapportant auxdits prêts, seront subrogés à la Société, et sans limiter le sens général de ce qui précède, tous les droits et tous les pouvoirs de ladite institution prêteuse en rapport aux prêts et à tout jugement que l'institution prêteuse a obtenu pour le remboursement de ceux-ci, seront dévolus à la Société centrale d'Hypothèques et de Logement au nom de Sa Majesté, et la Société centrale d'Hypothèques et de Logement aura le droit d'exercer tous les droits et privilèges que l'institution prêteuse avait ou pouvait exercer en ce qui concerne lesdits prêts, jugements ou dépôts ou pour commencer ou continuer toutes poursuites ou procédures à ce sujet, et pour signer tout document de quittance, de transport, de vente ou de cession de ceux-ci, ou pour en tirer le meilleur profit possible, et pour transiger de telle manière qui, de l'avis de la Société centrale d'Hypothèques et de Logement, servirait le mieux les intérêts de Sa Majesté, eu égard à l'âge, à la situation financière et aux autres circonstances affectant l'emprunteur.

A. M. HILL,
46-1 Greffier adjoint du Conseil privé.

CONDITIONS

(1) A moins qu'il n'en soit autrement spécifié dans les présentes et dans les tarifs, le plein montant des droits de licence est payable d'avance pour la période autorisée. Lorsque la redevance pour une période de douze mois est de $40 ou plus, elle peut être payée en versements égaux soit trimestriellement, soit semestriellement. Les redevances des stations radiophoniques doivent être acquittées d'avance tous les mois.

(2) Toutes les redevances échues seront, soixante jours après la date à laquelle l'Association a déposé à la poste régulière un avis par écrit, adressées à la personne dont on réclame la redevance, en en spécifiant le montant, sujettes à un paiement supplémentaire de dix pour cent et à tous autres recours auxquels l'Association peut avoir droit.

(3) La redevance pour une période autorisée sera basée sur l'étendue de l'exécution des œuvres musicales à produire pendant la période autorisée, tel que déclaré par le titulaire dans sa demande de licence. Dans le cas où l'exécution d'un programme musical excédera le temps spécifié dans la demande, le titulaire devra promptement avertir l'Association de ce fait et payer la redevance supplémentaire pour le temps dépassé, conformément aux tarifs de l'Association. Si le titulaire néglige de donner à l'Association un avis de ce genre ou de payer la redevance supplémentaire susdite, alors *a*) tout l'argent payé sur la licence pour la période courante sera appliqué par l'Association comme acompte sur la redevance pour la licence due en conformité du surtemps exigé pour l'exécution, et *b*) la période autorisée sera censée être la partie de la période pour laquelle l'argent payé suffit amplement à couvrir les redevances de la licence suivant le tarif approuvé; *c*) la licence peut être annulée par l'Association trente jours après la date à laquelle l'Association aura déposé à la poste régulière un avis par écrit adressé au détenteur de la licence pour l'avertir de l'intention de l'Association d'annuler sa licence. Dans ledit avis l'Association spécifiera le montant de la redevance supplémentaire réclamée et si le titulaire paie à l'Association, dans un délai de trente jours, la redevance supplémentaire ainsi réclamée, l'annulation proposée ne prendra pas effet.

Le titulaire de licence a le droit de choisir entre les tarifs alternatifs suivants. Naturellement, il ne peut être imposé plus d'un tarif pour la même exécution musicale.

Redevance annuelle minimum dans tous les cas, $5.

Une "heure d'exécutant" comprend une heure d'exécution musicale par un seul exécutant (instrumentiste, chef d'orchestre ou chanteur).

Les redevances annuelles sont fixées comme suit:

a) *Sur base du maximum:*

Une licence accordée d'après cette base donne droit au titulaire de procéder à toute exécution qui restera dans les limites du maximum mentionné dans la demande de licence. Le taux est de 1½c. pour chaque "heure d'exécutant" calculé sur le nombre maximum "d'heures d'exécutants". Ce nombre maximum "d'heures d'exécutants" s'obtient en multipliant les uns par les autres les quatre facteurs suivants:

(1) Le plus grand nombre d'exécutants (comprenant les instrumentistes, le chef d'orchestre et les chanteurs) qui peuvent être employés en tout temps pendant l'année de la licence;

(2) Le plus grand nombre d'heures d'une ou de toute exécution musicale pendant laquelle on désire dans une journée quelconque une licence pour exécuter, en tout ou en partie, une ou plusieurs œuvres du répertoire de l'Association;

(3) Le plus grand nombre de jours par semaine pendant lesquels une licence est désirée;

(4) Le nombre de semaines entre les dates d'ouverture et de fermeture de la période pendant laquelle des exécutions musicales peuvent avoir lieu, mais jamais moins de treize semaines.

b) *Sur base réelle:*

Sur cette base, le taux est de trois cents pour chaque "heure d'exécutant", calculé d'après le nombre réel "d'heures d'exécutants" au jour le jour pendant l'année de la licence. Au commencement de l'année, le nombre "d'heures d'exécutants" pour l'année sera établi par le requérant et un paiement anticipé sera effectué pour le montant de la redevance exigible. A la fin de l'année de la licence, ou de chaque saison active pendant l'année de la licence, le titulaire rapportera le nombre réel "d'heures d'exécutants" pendant une telle période, en donnant les dates et les heures de toutes les exécutions musicales et le nombre d'exécutants qui y ont participé, le titulaire devant à cette occasion faire remise de tout solde dû.

La *BMI Canada Limited* se propose de soumettre au tribunal d'appel du droit d'auteur, à son assemblée annuelle, une distribution détaillée desdits droits, préparée par la *Canadian Association of Broadcasters*, et demande respectueusement que le tribunal d'appel du droit d'auteur approuve ladite distribution détaillée des droits aux diverses stations radiophoniques possédées par des particuliers comme étant l'échelle des droits, redevances ou tantièmes que la *BMI Canada Limited* peut percevoir de ces stations radiophoniques possédées par des particuliers au Canada durant l'année 1948 pour le droit d'exécuter au Canada en les radiodiffusant des œuvres musicales ou dramatico-musicales à l'égard desquelles la *BMI Canada Limited* est autorisée à émettre ou à accorder des licences d'exécution.

La *BMI Canada Limited* ne se propose pas de demander l'approbation du versement d'une redevance quelconque par la société Radio-Canada.

Il n'est pas question de percevoir d'aucune personne au Canada, durant l'année civile 1948, de

droits, redevances ou tantièmes pour le privilège d'exécuter en public les œuvres du répertoire de la Compagnie au moyen de postes récepteurs ou de phonographes.

Il n'est pas question de percevoir au Canada, durant l'année civile 1948, de droits redevances ou tantièmes d'aucune personne, société ou compagnie à l'égard de représentations publiques autres que celles qui sont radiodiffusées. 46-1

2. In these Regulations "Minister" means the Minister of Mines and Resources.

3. The Agent of Dominion Lands for the district in which the rights applied for are situated may, upon application by any person, grant yearly permits to remove sand, stone and gravel, the property of the Crown, from the beds of rivers and lakes in the Northwest Territories.

7. The right granted under the permit shall apply only to the bars in or the bed of the river or lake itself below the ordinary high water level, and shall not authorize the permittee to remove sand, stone or gravel from, or otherwise interfere with or affect in any way the security of the banks of the river or lake or of any structures erected in the said river or lake and the permit shall be subject to immediate cancellation in the discretion of the Minister in case it is shown that the operations of the permittee in the removal of the sand, stone or gravel are likely to affect the banks of the said river or lake, or to endanger in any way the security thereof.

8. The permittee shall cause no material damage or unnecessary disturbance to the bed or banks of the stream or lake affected by his permit, nor shall he interfere with the right of the public to use the river or lake for navigation or other purposes, or to interfere with the free navigation of the said river or lake by forming bars or banks in the channel or bed thereof.

9. The removal of the sand, stone or gravel authorized by the permit shall be under the direct supervision of an officer to be named by the Minister and to his entire satisfaction.

10. The permit shall be subject to immediate cancellation at any time without compensation to the permittee, for a breach of any of the above conditions, or in case it should be shown to the satisfaction of the Minister that the removal of the sand, stone or gravel covered by the permit is likely to cause damage or obstruction, or to otherwise prejudicially affect the interests of the Crown or others.

11. The permittee shall keep the Crown indemnified against all actions, claims and demands that may be lawfully brought by reason of anything done by the permittee in the exercise or purported exercise of the rights and liberties granted under the permit.

12. A fee of one dollar ($1.00) shall be charged for each permit, together with dues at the rate of one cent (1c) per cubic yard for the quantity of material in excess of one thousand (1,000) cubic yards included in any one permit.

13. The permit to be issued under these Regulations shall be on such form as may be approved by the Minister. 45-4

SÉNAT

Avis de bills privés

107. Toute demande adressée au Parlement pour obtenir un bill privé doit être annoncée par avis publié dans la *Gazette du Canada;* cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et désigner l'adresse des signataires; et si la demande a pour objet l'obtention d'une loi en constitution de corporation, l'avis doit aussi mentionner le nom de la compagnie dont la constitution est projetée.

Outre l'avis dans la *Gazette du Canada,* comme susdit, pareil avis doit être donné de la façon suivante:

(A) Lorsque la demande a pour objet l'obtention d'une loi constituant en corporation:

1. *Une compagnie de chemin de fer ou de canal*—dans un des principaux journaux de la principale cité, ville ou village de chaque comté ou district par où doit passer le chemin de fer ou le canal dont la constitution est projetée;

2. *Une compagnie de télégraphe ou de téléphone*—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire dans lequel la compagnie se propose d'exercer des opérations;

3. Une compagnie ayant pour objet *l'exécution d'entreprises* dont l'exécution ou l'exploitation pourrait spécialement affecter une localité particulière, ou cherchant à obtenir des *droits ou privilèges exclusifs,* ou voulant accomplir toute affaire ou chose dont l'accomplissement affecterait les droits ou propriétés d'autrui—dans un des principaux journaux de l'endroit ou des endroits particuliers que le projet de loi peut affecter;

4. *Une compagnie de banque; compagnie d'assurance; compagnie fiduciaire; compagnie de prêt* ou *compagnie industrielle,* sans pouvoirs exclusifs—dans la *Gazette du Canada* seulement;

5. Et si les entreprises d'une compagnie (constituée ou à constituer) doivent être déclarées d'utilité publique au Canada, cette intention doit être expressément mentionnée dans l'avis, et les requérants doivent adresser une copie de cet avis, sous pli recommandé, au secrétaire de chaque conseil de comté et de chaque corporation municipale pouvant être particulièrement affectée par l'exécution ou l'exploitation de ces entreprises, ainsi qu'au secrétaire de la province dans laquelle des entreprises sont ou peuvent être situées; et la preuve de l'observation de cette prescription par les requérants doit être établie par une déclaration statutaire.

(B) Lorsque la demande a pour objet de modifier une loi existante:

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient—l'avis doit être le même *mutatis mutandis* que celui pour l'obtention d'une loi constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres entreprises déjà autorisées—dans un des principaux journaux de l'endroit où la compagnie a ou est autorisée à avoir son siège social;

3. Afin d'élargir les pouvoirs d'une compagnie (sans comporter attribution de droits exclusifs); d'accroître ou de réduire le capital social d'une compagnie; ou d'augmenter ou modifier son pouvoir d'émettre des obligations ou ses autres pouvoirs d'emprunt; ou de présenter un amendement pouvant porter atteinte aux droits ou aux intérêts des actionnaires, des détenteurs d'obligations ou des créanciers de la compagnie—dans un des principaux journaux du lieu de son siège social.

(C) Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, doivent être publiés au moins une fois par semaine pendant quatre semaines consécutives; et lorsqu'ils sont publiés dans les provinces de Québec et du Manitoba, ils doivent être en langues anglaise et française.

Des exemplaires marqués de chaque numéro de tous les journaux contenant l'avis doivent être adressés au greffier du Sénat et porter la mention: "Avis de bill privé"; au lieu des journaux, une déclaration statutaire attestant que l'avis a été régulièrement publié peut être adressée au greffier du Sénat.

Modèle d'un bill amendant une loi

60A.—(1) Dans la confection des bills amendant des textes législatifs existants, les amendements ne doivent pas ordinairement être effectués au moyen de clauses qui ajoutent, retranchent ou remplacent des mots, mais au moyen de clauses qui réédictent l'article, le paragraphe ou la disposition, telle qu'amendée.

(2) Dans le texte du bill, sur la page de gauche, le nouveau texte doit être indiqué par les signes typographiques les plus appropriés à chaque cas; crochets, italique, texte souligné, astérisques, etc. En regard de chaque clause, sur la page de droite, le texte amendé par le bill, ou la partie importante de ce texte doit être imprimée, et les changements projetés doivent y être indiqués de la manière prévue ci-dessus.

(3) Lorsqu'une clause abroge un article existant, un paragraphe ou une autre disposition d'un article, cet article, ce paragraphe ou cette autre disposition, ou la partie qui en est importante, doit être imprimé en regard de la clause.

(4) Un mémoire du rédacteur expliquant brièvement les motifs de chaque clause doit être annexé au bill, ou distribué avec le bill. Lorsque possible, le mémoire doit être imprimé sur la page de droite du bill, en paragraphes placés en regard des clauses visées, et portant un numéro correspondant.

(5) Les règles ci-dessus s'appliquent, autant que possible, à la réimpression des bills.

(3) Lorsqu'un bill privé porte modification d'un article, paragraphe ou alinéa quelconque d'une loi existante, ce même article, paragraphe ou alinéa doit être abrogé dans le texte du bill et reconstitué selon la modification que les auteurs du bill veulent y apporter, la nouvelle rédaction devant être soulignée. L'article, le paragraphe ou alinéa que les auteurs veulent faire abroger, ou encore ce qu'il renferme d'essentiel, doit être imprimé sur la feuille du côté droit en regard de ce même article, paragraphe ou alinéa.

(4) Lorsqu'un bill privé tend à abroger un article, paragraphe ou autre partie d'un article, cet article, ce paragraphe ou cette autre partie, ou encore ce qui s'y trouve d'essentiel, doit être imprimé en regard de l'article du bill.

(5) Une note établissant brièvement l'objet d'une disposition d'un caractère exceptionnel ou dont la teneur s'écarte des dispositions du bill-type ou des articles servant de modèle, doit être imprimée en regard de l'article du bill.

8. The permittee shall cause no material damage or unnecessary disturbance to the bed or banks of the stream or lake affected by his permit, nor shall he interfere with the right of the public to use the river or lake for navigation or other purposes, or to interfere with the free navigation of the said river or lake by forming bars or banks in the channel or bed thereof.

PRESENT:

HIS EXCELLENCY THE GOVERNOR GENERAL IN COUNCIL

HIS Excellency the Governor General in Council, on the recommendation of the Minister of Mines and Resources, and pursuant to the powers conferred by the Dominion Lands Act, Chapter 113, Revised Statutes of Canada, 1927, is pleased to order as follows:

1. The Regulations governing the issue of leases to dredge for minerals in the beds of rivers in Manitoba, Saskatchewan, Alberta and the Northwest Territories which were made and established by Order in Council P.C. 2109 of December 20, 1926, as amended, and the Regulations governing the issue of leases to dredge for minerals in the submerged beds of rivers in the Yukon Territory, which were made and established by Order in Council P.C. 1058 of May 14, 1907, as amended, are hereby revoked; and

2. The attached Regulations governing the issue of leases to dredge for minerals in the submerged beds of rivers in the Northwest Territories and Yukon are hereby made and established in substitution for the Regulations hereby revoked.

A. D. P. HEENEY,
48-4 Clerk of the Privy Council.

REGULATIONS GOVERNING THE ISSUE OF LEASE TO DREDGE FOR MINERALS IN THE SUBMERGED BEDS OF RIVERS IN THE NORTHWEST TERRITORIES AND YUKON TERRITORY

1. These Regulations may be cited as "THE DREDGING REGULATIONS".

2. In these regulations:

(*a*) "Minister" means the Minister of Mines and Resources;

(*b*) "River" means a stream of water the bed of which is of an average width of one hundred and fifty feet throughout the portion thereof sought to be leased. The Mining Recorder shall be the judge as to whether or not any stream in connection with which dredging applications have been made is sufficiently large to be considered a river within the meaning of these regulations;

(*c*) "River Bed" means the bed and bars of the river to the foot of the natural banks.

3. The Minister may issue leases to any person granting the exclusive right to dredge for gold, silver and platinum in the bed of any river in the Northwest Territories and the Yukon Territory.

4. The length of river to be included in any lease shall be continuous, and shall in no case exceed ten miles measured along the middle of the river following its sinuosities.

5. Every lessee under these regulations shall have the exclusive right to dredge the river bed within the length of river leased to him.

6. Not more than one lease shall be issued in favour of one person.

7. The lessee shall, when so directed by the Minister, cause a survey to be made, at his own expense and in accordance with the instructions of the Sur-

veyor General, of the extent of river leased to him, and the returns of such survey shall be filed in the Department of Mines and Resources within six months after receipt by the lessee of such direction and instructions.

8. The lease shall be for a term of fifteen years, at the end of which time all rights vested in or which may be claimed by the lessee under his lease shall cease and determine. The lease may be renewed, however, from time to time at the discretion of the Minister, provided it is shown to his satisfaction that the leasehold has not been fully mined; that the lessee has, during the term of his lease, efficiently operated the leasehold, and that he has otherwise complied fully with the provisions of the regulations.

9. The lessee shall not assign his lease, nor transfer or sublet the demised premises or any portion thereof, without the consent in writing of the Minister.

10. (*a*) A lease in the Northwest Territories shall be deemed to be subject to the rights of all persons, who, prior to the issue of the lease received entries for claims under the provisions of the Northwest Territories Placer Mining Regulations.

(*b*) A lease in the Yukon Territory shall be deemed to be subject to the rights of all persons, who, prior to the issue of the lease received entries for claims under the provisions of the Yukon Placer Mining Act.

11. (1) The lessee shall, within three years from the date of his lease, have at least one dredge, of such capacity as the Minister may deem sufficient, in operation upon his leasehold, and shall in every year thereafter during the continuance of his lease dredge from such leasehold not less than 20,000 cubic yards of gravel. If the lessee fails to furnish proof yearly, or at such times as the Minister may direct, of the efficient operation of such dredge, and of the actual work performed, the Minister may cancel the lease.

(2) Upon application to that effect being made to him by any persons holding adjoining dredging leaseholds, not exceeding five in number, the minister may grant permission to such persons, for a term not exceeding ten years, to operate each of their respective dredges on any one or more of such leaseholds, and to perform on any one or more of them all the work required to be done on each leasehold separately, as required under the preceding section.

12. The lessee shall pay for the first year a rental of $100 for each mile of river leased to him, and for each subsequent year a rental of $10 for each mile.

13. The same royalty shall be paid upon gold mined under a dredging lease as is paid from time to time upon gold mined from ordinary placer mining claims.

14. The lessee may obtain from the Crown Timber Agent a permit or permits to cut, free of dues, such timber as may be necessary for the purposes of his mining operations. Such permit or permits shall contain a description of the tract or tracts within which the timber may be cut, and the kind, dimensions and quantities of timber to be so cut. Such permit, however, shall not give or be deemed to give to the holder thereof any exclusive right to the timber on the tract described therein.

15. The lessee shall not interfere in any way with the general right of the public to use for navigation or other purposes the river upon which he holds a lease. The free navigation of a river shall not be impeded by the deposit of tailings, and the current or stream shall not be obstructed in any material degree by the accumulation of tailings. If the lessee fails to observe this condition of his lease, notice may be posted by such officer as the Minister directs at the point where the stream has been impeded or obstructed or in the vicinity thereof, requiring such defect to be remedied, and a copy of such notice shall be served upon the lessee or his agent. If the lessee fails to remove, within the time set out in the said notice, the impediment or obstruction complained of, the lease may be cancelled by the Minister.

16. The lease shall provide that,

(*a*) any person who received or who may receive entry under the Northwest Territories Placer Mining Regulations, or

(*b*) any person who received or who may receive entry under the Yukon Placer Mining Act

shall be entitled to run tailings into the river at any point thereof and to construct all works which may be necessary for properly operating his claim, provided that it shall not be lawful for any such person to construct a dam or wing-dam within one thousand feet from the place where any dredge is being operated, or to obstruct or interfere in any way with the operation of any dredge.

17. The lease shall reserve all roads, ways, bridges, drains and other public works and all duly authorized improvements now existing or which may hereafter be made in, upon, or under any part of the river, and the power to enter and construct the same, and shall provide that the lessee shall not damage nor obstruct any public or duly authorized ways, drains, bridges, works and improvements now or hereafter to be made upon, in, over, through or under the river, and that he will substantially bridge or cover and protect all the cuts, flumes, ditches and sluices and all pits and dangerous places at all points where they may be crossed by a public highway or frequented path or trail to the satisfaction of the Minister.

18. These regulations shall not restrict any rights which have been granted under former regulations.

19. The fees to be charged in connection with the administration of these Regulations shall be as follows:

Application for a lease..	$5.00
Assignment of a lease..	$3.00

1. The Regulations for the issue of Permits to Mine Coal, the property of the Crown, for domestic purposes, but not for sale, in the Provinces of Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories, the Railway Belt in the Province of British Columbia, and within the tract containing three and one-half million acres

acquired by the Dominion Government from the Province of British Columbia and known as the Peace River Block, made by Order in Council P.C. 735 of March 11, 1921, as amended, are hereby revoked; and

2. The attached Regulations for the issue of Permits to Mine Coal, the property of the Crown, for domestic purposes, but not for sale in the Northwest Territories and Yukon Territory, are hereby made and established in substitution for the Regulations hereby revoked.

A. D. P. HEENEY,
48-4 Clerk of the Privy Council.

—

REGULATIONS FOR THE ISSUE OF PERMITS TO MINE COAL, THE PROPERTY OF THE CROWN, FOR DOMESTIC PURPOSES BUT NOT FOR SALE IN THE NORTHWEST TERRITORIES AND YUKON TERRITORY

1. These Regulations may be cited as the DOMESTIC COAL REGULATIONS.

2. In these Regulations.

(*a*) "Location" means the tract which may be described in a domestic coal permit.

(*b*) "Locator" means the person who locates or stakes a mining location in the manner prescribed in these regulations.

(*c*) "Mining Recorder" means the Agent of Dominion Lands for the districts, or other officer appointed by the Governor in Council for the purpose referred to.

(*d*) "Minister" means the Minister of Mines and Resources of Canada.

(*e*) "Year" means a period of twelve consecutive calendar months.

3. (1) The coal mining rights which are the property of the Crown in the Northwest Territories and Yukon Territory may be acquired by any person under permit issued by the mining recorder for the district at an annual rental of $5 payable in advance, provided, however, that these regulations shall not apply to school lands or to lands comprised in any national park, or other reserves made by Parliament or by order of the Governor in Council, or lands lawfully occupied for mining purposes, or land within any city, town, village, local administrative district or settlement, unless otherwise specially provided by the Governor in Council.

(2) The permit shall not convey to the permittee the right to sell any of the coal mined from the location described therein.

4. The maximum area of a coal mining location which may be acquired under permit shall be one (1) acre, and no person shall be permitted to hold at the same time more than one permit. The permit may, in the discretion of the Minister be renewed from year to year so long as the rights described therein are vested in the Crown, provided the permittee has complied in every respect with the requirements of the regulations under which such permit was issued, and provided he is operating a mine to the satisfaction of the Minister.

5. A coal mining location acquired under these regulations shall not exceed three chains in width, measured in direct distance, and its greatest dimensions shall not exceed five chains, the maximum area embraced not to exceed one acre.

6. (1) The location shall be staked out by the locator in person by placing at each of its four corners a wooden post not less than four inches square, driven not less than eighteen inches into the ground and showing that length above it. If posts cannot be driven into the ground the locator shall erect about each such post, to support it and keep it in place, a cairn or mound of stones at least three feet in diameter at the base and eighteen inches high. If the location is timbered a line joining the said posts shall be run and fully marked so as to be clearly discernible. If the ground is of such a character that any one post cannot be seen from the ends of either of the lines which form the angle at which the said post is placed, posts flattened on two sides—such flattened portions to face the direction of the line—shall be planted or mounded along the side lines wherever necessary, so that no difficulty may be experienced in following the boundaries of the location. The lines bounding the location shall be straight lines, due north and south and due east and west, and the locator shall mark on the post at the northeast angle of the location legibly his name in full, the date of staking, and the letters C.M.L. No. 1 to indicate that the post is coal mining location post No. 1. On the post marking the southeast angle of the location he shall place the letters C.M.L. No. 2 and his initials; on the post marking the southwest angle he shall place the letters C.M.L. No. 3 and his initials; and on the post marking the northwest angle he shall place the letters C.M.L. No. 4 and his initials.

(2) If a corner of the location falls within a ravine, bed of a stream, or other situation where the character of the ground may render the planting of a post impossible, the said corner shall be indicated by the erection at the nearest suitable point a witness post, upon which he shall place the inscription provided for with regard to corner posts, together with the letters W. P., and an indication of the bearing and distance of the site of the corner marked by such witness post.

7. Application for a location shall contain a description of the location applied for, and shall be accompanied by a plan showing the position of such location in its relation to some prominent topographical feature or other known point. The plan shall contain sufficient data to admit of the exact position of the location being definitely shown in the records of the department. The location shall be rectangular in form, except where a boundary of a previously located coal mining location is adopted as common to both locations, and in no case shall the length of the location exceed three times its breadth. Unless definite information is furnished as to the exact position of the location so staked the application for a permit will not be considered.

8. The location shall in all cases be personally staked out by the applicant, who shall within thirty days from the date of location submit his application in person to the mining recorder for the district, or to a sub-recorder for such district for transmission to the recorder. If personal application is not submitted in the manner prescribed within thirty days from the date of staking it shall not be considered.

9. Where two or more persons lay claim to the same location the right to acquire the same shall be in him who can prove that he was the first to make discovery, or to take possession by demarcation in the manner prescribed in these regulations.

10. If application is made by two or more applicants for the same location, no one of whom is the original discoverer, the Minister may invite their competitive tenders.

11. No person shall enter upon for mining purposes or shall mine upon lands owned or lawfully occupied by another, until he has given adequate

security to the satisfaction of the mining recorder for any loss or damage which may be thereby caused, and persons so entering, locating, prospecting, or mining upon any such lands, shall make full compensation to the owner or occupant of such lands for any loss or damage so caused.

12. In addition to the rent a royalty at the rate of twenty-five cents per ton of 2,000 pounds shall be levied and collected on the merchantable output of the mine, and such royalty shall be payable to the mining recorder for the district. The person operating a mine shall furnish the mining recorder for the district with sworn returns monthly or at such times as the Minister may direct, accounting for the full quantity of merchantable coal mined, and shall pay the royalty thereon.

13. Default in payment of the royalty or in furnishing returns, if continued for thirty days after notice has been posted at the mine, or conspicuously on the property in respect of which it is demanded by the mining recorder, or by his direction, may be followed by cancellation of the permit.

14. The permit of any person who attempts to defraud the Crown by withholding any part of the royalty or who makes false statements of the amount of the coal taken out, may be cancelled by the Minister.

15. The permittee shall, before opening any mine on the tract described in his permit, and before removing any coal therefrom, notify the mining inspector in writing of his intention to do so, and with a view to conservation, all operations for the recovery of such coal shall be in accordance with instructions given by the Mining Inspector. Failure on the part of the permittee to so notify the mining inspector of his intention to commence operations, or failure to comply strictly with such instructions as may be issued by the Mining Inspector as to the manner in which the location shall be operated, will render the permit subject to immediate cancellation.

16. The mining inspector or other officer or person designated by the Minister shall have the right to enter upon any land acquired under permit, or the workings thereon, to examine all records and books of account of the permittee or operator, and to make such other examination as may be deemed necessary in order to ascertain whether or not the conditions of the permit and the instructions respecting operation are being complied with.

17. The permit shall be returned to the mining recorder on the date specified therein, and for failure to do so the mining recorder may refuse to issue another permit.

18. In isolated portions of the Northwest Territories and Yukon Territory, Indians or Eskimos who apply for permission to mine small quantities of coal for their own use, or for sale to others in their locality, may be granted permission so to do by the mining recorder, or other authorized officer, free of charge, without being required to make application under the provisions of these regulations.
